

# Imagine

a school where children have the freedom to be themselves

# Imagine

a community where the core values are democracy, freedom, and responsibility

# Imagine

a place where children can dream and play all day

# Imagine

a place where real life learning occurs

*WELCOME to* ★

The Little Lake Free School, a school for children ages 4 to 12.

At the Little Lake Free School, children will live democracy and practice responsibility. Children will be encouraged and supported by a close-knit adult staff. Children's learning will be non-coercive and self-directed through daily opportunities for interactions with nature, literature, science, and community. We will explicitly create an adult culture where we challenge racism, sexism, homophobia, and classism where all children and community members are free to be themselves.

**Come talk to us at  
The Little Lake Free School  
Informational Session**

**Sunday February 28th at 2pm  
Downtown Ann Arbor District Library  
Multi-purpose room, 3rd Floor  
323 South Fifth Ave, Ann Arbor**

Together we will create a school where children and community thrive. **We open our doors Fall 2010.**
