94	Small dog park is excellent. Well-maintained.	Aug 8, 2013 7:05 AM
95	A good place for my dog to get outside, get exercise, and run around. The parks are very well kept, and there are places to relax while your dog is running around.	Aug 7, 2013 3:49 PM
96	It is nice that people are able to take their dogs someplace and let them run and play off leash.	Aug 7, 2013 2:18 PM
97	It is large enough for them	Aug 7, 2013 2:09 PM
98	That there is a safe, sanctioned place to let dogs run free.	Aug 7, 2013 9:12 AM
99	Open areas for running.	Aug 7, 2013 8:17 AM
100	Swift run is nice size, people can walk as well. Don't want a small space (like Olsen) where the dogs get bored quickly.	Aug 7, 2013 7:55 AM
101	Large area	Aug 7, 2013 6:30 AM
102	Just great to have a space where it's okay to let the dog run off-leash! I don't have a big fenced-in yard.	Aug 6, 2013 8:36 PM

119	That they exist	Aug 5, 2013 1:39 PM
120	Open 24/7. Very bit--I can walk/play with my dog and not be around other dogs (pack mentality/too much excitement often develops and a dog fight can break out). Well kept. Bags available for poop pick-up.	Aug 5, 2013 12:59 PM
121	Space. Social hour	Aug 5, 2013 12:43 PM
122	good parking, clean	Aug 5, 2013 12:02 PM
123	My friends meet there with their dogs and like them. I'd rather the dogs get exercised than have to walk on a leash straining to go faster.	Aug 5, 2013 11:38 AM
124	Space to run	Aug 5, 2013 11:29 AM
125	i like the separate area for the large dogs and small dogs... some of the large dogs are quite aggressive toward smaller dogs.	Aug 5, 2013 10:38 AM
126	A place to go for my dog to run free.	Aug 5, 2013 10:26 AM

**Page 2, Q5. What do you currently like about the existing dog park(s)?**

127	I think the dog parks because dogs need freedom to run in places where people also like to walk but there are too few parks available for dog walkers	Aug 5, 2013 10:01 AM
128	they aren't in my neighborhood	Aug 5, 2013 8:03 AM
129	Paw Run is private and the best. Tall grass, lots of space and a dog pool.	Aug 5, 2013 7:57 AM
130	Ease of parking, benches, public water bowl	Aug 5, 2013 12:04 AM
131	The open space for my dog to run	Aug 4, 2013 11:03 PM
132	We stopped going to them because we found them unsafe, so I can't say that I like anything about them.	Aug 4, 2013 10:24 PM
133	Spacious and well-kept	Aug 4, 2013 9:02 PM
134	Quiet. Large but not too large. Shaded area with a bench.	Aug 4, 2013 8:04 PM
135	I like that Swift Run exists. Olson, on the other hand, is a really sad excuse for a park, so it doesn't count! Swift Run is a great space. I was skeptical about it being by the highway and the fact that it was the old City dump. But, it's a good size and I love--and my dog loves--the grass there.	Aug 4, 2013 6:54 PM
136	separate small-dog area	Aug 4, 2013 5:15 PM
137	Big area. On the whole people who bring their dogs are mindful of the dog's behaviour.	Aug 4, 2013 5:15 PM
138	Spacious	Aug 4, 2013 4:54 PM
139	large, fenced,off leach	Aug 4, 2013 4:17 PM
140	Olsen: covered place to sit, nice people and dogs Swift run: spacious	Aug 4, 2013 1:50 PM
141	That it exists.	Aug 4, 2013 1:16 PM
142	Fenced area. Like that Swift has grass and vegetation.	Aug 4, 2013 12:56 PM
143	Like that there is a section for small dogs only.	Aug 4, 2013 12:32 PM
144	I love the idea of well-behaved dogs running freely and playing/socializing with each other	Aug 4, 2013 12:22 PM

**Page 2, Q5. What do you currently like about the existing dog park(s)?**

145	Swift Run is a great size with lots of room for the dogs to run. There is natural grass and natural landscaping, which is a must for a dog park.	Aug 4, 2013 12:18 PM
146	Friendly, social, fun.	Aug 4, 2013 12:16 PM
147	One of the few places dogs can legally run off leash and socialize	Aug 4, 2013 9:53 AM
148	It is a great way for my dog to get exercise and be able to explore and interact with other dogs	Aug 4, 2013 9:17 AM
149	They are NOT in neighborhoods where children play often.	Aug 4, 2013 8:38 AM
150	No positive comments	Aug 3, 2013 11:35 PM
151	Small dog section. Trash cans for poop bags. Water bowls (BYOW).	Aug 3, 2013 10:58 PM
152	Off leash	Aug 3, 2013 10:20 PM
153	I like *nothing* about the existing parks.	Aug 3, 2013 9:05 PM

155	Meets needs	Aug 3, 2013 7:39 PM
156	I'm not a big fan	Aug 3, 2013 6:52 PM
157	I am very grateful for this ample space provided for off-leash dog activity. Provision for waste bags and removal of waste from baskets is appreciated as is the availability of water bowls and park benches. I have been happy to see a greater effort recently to patrol the park and to check for owners' park permits	Aug 3, 2013 2:30 PM
158	Size, safety of a large fenced in area.	Aug 3, 2013 12:33 PM
159	Size, benches in shade, elevated areas for dogs to watch what's going on, availability of waste bags.	Aug 3, 2013 11:22 AM
160	Trash cans, bags, fenced in, fun for a change from the routine	Aug 3, 2013 10:22 AM
161	Chance for dog to reinforce her social skills and fulfill her needs for exercise and sniffing other animal scents, chance to run into friends (Slauson Yard)	Aug 3, 2013 9:38 AM

182	Controlled space for my high-energy dog to run	Aug 2, 2013 1:32 PM
183	That they exist	Aug 2, 2013 12:59 PM
184	Swift is great because it is right next to the city dump and a really long drive from downtown, where I live. I enjoy any excuse to drive in Ann Arbor traffic.	Aug 2, 2013 11:35 AM
185	Off-leash area for my dog to play and socialize with other dogs. Nice that it has benches/picnic tables.	Aug 2, 2013 11:06 AM
186	I really like a confined area for dogs to run off-leash!!	Aug 2, 2013 11:00 AM
187	Swift Run is a really nice park - open, some shade, good location, good size. Olson is just too small.	Aug 2, 2013 10:33 AM
188	They are far away from where I live.	Aug 2, 2013 9:54 AM
189	It is a great place for humans and dogs to socialize.	Aug 2, 2013 7:49 AM

472	Nothing. I don't see why I should have to pay to support a park for a hobby in which I don't participate.	Jul 30, 2013 3:15 AM
473	I don't currently use dog parks, and I have never visited any in Washtenaw County, but I did when I lived in Kalamazoo. My dogs and I LOVED Prairie View Dog park ( <a href="http://www.kalcounty.com/parks/Praire%20View%20Dog%20Park%20Brochure.pdf">http://www.kalcounty.com/parks/Praire%20View%20Dog%20Park%20Brochure.pdf</a> ), and I think it should be modeled after. The 6 acre dog park portion is entirely fenced in, and separated into three units: a small dog exclusive section, a 3 acre open field area, and a wooded trail area. If my dogs had a problem with another dog in one area, we could separate them with a fence by going into the other area. Accessibility to waste bags, water (humans and dogs), and trash receptacles is a must.	Jul 30, 2013 2:49 AM
474	The city's two off-leash dog parks are located in areas that will not disturb nearby residents.	Jul 30, 2013 2:28 AM

**Page 2, Q5. What do you currently like about the existing dog park(s)?**

531	The large expanse of fenced in land for the dogs to run.	Jul 29, 2013 9:13 PM
532	I love that I have this opportunity to socialize and exercise my dogs for free. My dogs love it. For the most part, dog parents are generous, social, and very good about keeping their dog under control. I appreciate that there is a covered structure and that trees have been planted and wood chips put down. It would be great if there was a watering spigot closer, or inside the dog park. I really appreciate that parking is close to the park and that the dog park is close to my residential area.	Jul 29, 2013 9:07 PM
533	freedom to allow the dogs run, walk, explore without being on a leash	Jul 29, 2013 9:01 PM
534	I haven't really been to one yet.	Jul 29, 2013 8:59 PM
535	They give a place for people to run their dogs off-leash & hopefully cut down on off-leash dogs in other public parks & trails.	Jul 29, 2013 8:58 PM
536	Lots of space and larger dogs are separated for the small ones	Jul 29, 2013 8:58 PM
537	Do not like general public dog parks	Jul 29, 2013 8:57 PM
538	They are completely fenced in. I feel safer taking my children to parks when I know dog owners have a place to have their dogs off-leash where they won't come near my kids.	Jul 29, 2013 8:54 PM
539	Size, easy parking, separate area for large and small dogs.	Jul 29, 2013 8:51 PM

550	everything	Jul 29, 2013 8:35 PM
551	That it exists	Jul 29, 2013 8:34 PM
552	I like that there is a lot of room for dogs to play and that the areas are well maintained.	Jul 29, 2013 8:33 PM
553	I like that Ann Arbor finally got an unleash park, and that it is fully enclosed.	Jul 29, 2013 8:26 PM
554	the dogs are fun to watch.	Jul 29, 2013 8:26 PM
555	I like that there are some and that they are reasonable maintained.	Jul 29, 2013 8:25 PM
556	Swift Run is a great sized park with nice benches	Jul 29, 2013 8:25 PM
557	I like the availability of plastic bags and garbage cans.	Jul 29, 2013 8:24 PM
558	Swift run is nice an large	Jul 29, 2013 8:22 PM
559	Not in neighborhoods, so smells, barking don't affect many.	Jul 29, 2013 8:18 PM
560	I cross town (from Water Hill) to walk with my dog at Swift Run at least five mornings a week. It is large and we can both get our exercise there. There are benches, poop bags (usually) and someone (not the city) has put metal water bowls out and others fill them with water. Feels good and safe to be there even though my car is NOT happy driving over the major holes in the drive/parking area..	Jul 29, 2013 8:17 PM
561	space for dog to run and run and run...	Jul 29, 2013 8:14 PM
562	Large, open sight lines to watch behavior	Jul 29, 2013 8:13 PM
563	Keeps the dogs away from people enjoying the parks who want a safe clean place for their families.	Jul 29, 2013 8:11 PM
564	They are far from Kerrytown.	Jul 29, 2013 8:06 PM

565	size, location, fact that there's a space for smaller dogs. Like the Saline dog park for the river	Jul 29, 2013 8:05 PM
566	Paw Run is a pleasant area for both people and dogs off leash. It has open spaces, trees, bushes, water.	Jul 29, 2013 8:02 PM
567	size	Jul 29, 2013 8:00 PM
568	big and small dog areas, benches, bag supply	Jul 29, 2013 8:00 PM
569	Olson Park is the right size for me to keep an eye on my dog. With the exception of the area adjacent to the parking lot, there aren't large trenches or dips prohibiting my view of the dogs. We like the double gate entry way, the benches, the overhang and the shelter. The fence appears to be sturdy which is a plus. Great location.	Jul 29, 2013 7:59 PM
570	not too far away, though would like a closer one. Not heavily used	Jul 29, 2013 7:58 PM

572	The separate Areas for Big And Little dogs	Jul 29, 2013 7:55 PM
573	I don't like the dog parks in Ann Arbor, we drive to the one in Saline	Jul 29, 2013 7:49 PM
574	Great for exercise. Few issues with other dogs/dog owners.	Jul 29, 2013 7:48 PM
575	In Pinckney, it's unregulated and dogowners police themselves. No expensive tags and fees.	Jul 29, 2013 7:48 PM
576	Off leash running	Jul 29, 2013 7:46 PM
577	The split between dog size sides. My dog loves to play and run with other dogs his size and they wont hurt him by just being a dog. The big dogs are simply too big. That is all.	Jul 29, 2013 7:42 PM
578	That the city actually did something like make a dog park	Jul 29, 2013 7:39 PM

39	Poop trash can not emptied regularly; owners do not keep eye on dogs/supervise	Aug 11, 2013 5:15 PM
40	The gate system. I have personally had my dog escape from the Swift Run dog park and run out into traffic. It was terrifying to say the least. A woman coming into the park was careless and left the first gate open, and then continued into the park, allowing my dog to slip past both gates. If a good Samaritan hadn't grabbed him in the park across the street, my dog might not be alive today. I suggest either investing in making the first gate a spring loaded, self-latching exterior gate (so that even when careless people enter the park, it still shuts), or installing a new, long gate across the path by the porta-potty, to total three gates, all a good distance away from each other to discourage leaving them open. Also there could be mores signs posted to advise shutting the gates, to remind people who seem to forget.	Aug 11, 2013 3:59 PM
41	Gates should be spring loaded with a latch! No water source, pass is too expensive, not enough shade. Small children should be banned.	Aug 11, 2013 3:40 PM
42	Olsen - no water amenties, limited covered seating, no shade. Swift park - the dog owners there are less responsible and let their dogs act poorly.	Aug 11, 2013 3:35 PM
43	Not comfortable allowing our dogs running around off-the-leash with other dogs of unknown temperament (i.e., aggressive, vicious) & unknown health (i.e., not vaccinated, other contagious illness)	Aug 11, 2013 3:01 PM
44	NIMBY design, barely within city limits	Aug 11, 2013 11:49 AM
45	The grass is not cut often enough. There is no water pump to clean the dogs off with or get them fresh drinking water.	Aug 11, 2013 11:35 AM
46	Sometimes the owners do not clean up after their dogs. this is a huge problem because it can affect the health of the other dogs.	Aug 11, 2013 12:42 AM
47	Olson: Replace surface with pea gravel. The clay-like (or whatever it is) kicks up way too much dust, more than dirt, when dry. When wet it's a sticky mess. What is it? I don't like breathing it. Shelter needs more protection in winter. Why not install a water fountain for the dogs? SWIFT RUN: Dangerous. Mean dogs & irresponsible owners. BOTH PARKS need attendants to make bully dogs & their owners leave.	Aug 11, 2013 12:32 AM

62	It seems cumbersome to use it. There is some registration and payment. I don't see why we should pay to use the dog parks, we are paying taxes and I think it should be covered in that. Afterall, children don't pay to go to public school.	Aug 9, 2013 5:00 PM

75	Not everyone cleans up after their animals. My dog and I like to walk the entire park multiple times and have almost stepped in poop on a few occasions. It would also be nice to have a water fountain system to get the dogs fresh water. I bring my own water for my dog and I am happy to share, but it starts getting dirty and full of slobber and I would love to get fresh water for my dog while we are still there.	Aug 9, 2013 12:39 PM

82	Location. Its too far for west side residents and traffic to that side of town during evening hours is just too busy. The north side park is too remote and not enough people use it, so our xxdog doesn't get to socialize much there.	Aug 9, 2013 7:41 AM

86	Taxpayer support of dog owners, filth.	Aug 8, 2013 4:03 PM
87	Olson's gravel is very hard on my dogs face and paws; Swift Run has serious drainage issues. Also, neither park has a good place to be with your dog to do one-on-one activities, such as playing catch (Chuck-It), frisbee, or, in my dog's case, Treibball (soccer)	Aug 8, 2013 2:06 PM
88	Swift Run is way too big, meaning too many dogs, and there is next to no shade nor water. Too many dogs means its a massive pack mentality and dogs get beat up. Also being so big, it is easy for people to either loose track of their dog or loose control of their dog. The latter being really bad	Aug 8, 2013 12:30 PM

It would be so much better if there was at least some signage for people to read informing them of very basic doggie etiquette! 142	There is no monitoring for tags and many owners do not watch their dogs or do not appropriately control their behavior. I was concerned for my dog's and my children's safety when we were there. The last straw was when my dog got Giardia after a visit. Our vet said to avoid the city dog parks.	Aug 4, 2013 10:24 PM

144	No shade trees, just a cover. Hard to see a nearby source for water other than the water fountain across the parking lot.	Aug 4, 2013 8:04 PM
145	Olson. Olson is a terrible place. Who ever decided that gravel with no shade (for the dogs) and no water source would make for a good "park"?! I was particularly offended when I went over there having paid the City dog park fees in addition to pet registration fees! Both dog parks are also not within walking distance of downtown. This is the main reason why I don't get out to the park(s) often. I'm thrilled that the City is now seriously considering a downtown location! I was disappointed with the way the City handled the complaints about a potential dog park location in West Park. While I'm sympathetic to the historical reasons behind the black Church's displeasure at the dog park's proposed location, I thought the other neighbors' complaints were completely unfounded. I was appalled that the City took those complaints seriously	Aug 4, 2013 6:54 PM

**Page 2, Q6. What do you dislike about the existing dog park(s)?**

	despite the lack of ANY REAL EVIDENCE that dogs bark incessantly in dog parks! Also, both parks are clear of dog poop. Dog owners are good about picking up after their pets in those spaces. If they're not, they can be disciplined/ticketed/shamed by other dog owners. Scrapping plans for a dog park is not a legitimate response to complaints about non-existent noise and shit, especially given that West park is a good, viable downtown

155	They are too far away. I don't own a car, and I live downtown. I visit the dog parks a couple of times a year when I have access to a car. Olson Park is too small and depressing with its gravel and lack of trees. Without trees, it's too hot for my dog. And without any natural landscaping, my dog just stands there wondering why I dropped her off in the desert.	Aug 4, 2013 12:18 PM

168	The existence of small ponds of water which sit for days after a rainfall and which are full of a foul-smelling "sludge" and dog waste is a health hazard. There was recent spraying of pesticide in the park without notifying owners of the time of such spraying and the product used. Due to heightened tick activity, it would help to maintain the grass as short as the park ecology allows. It would be wonderful to have on-site water availability, provision for shade for summer, a wind barrier for winter and a paved parking lot.	Aug 3, 2013 2:30 PM

203	It's just a field. Better than nothing, but many communities out west have entire parks open to dogs off leash, with no more problems than any other park. I think a trail system open to dogs would be fine. I've seen no indication that dogs cause any more trouble to wildlife than people do. In San Francisco, all of Fort Fundtead is open to dogs off leash, In Sanat Fe the whole community hikes with their dogs off leash in designated areas. The Adirondack Mountains also allow dogs... and Desolation Wilderness in Tahoe. But not Ann Arbor. Not in Barton or Bird Hills. Why?? It's fun. It's fine. The whole thing is WAY over-regulated here. 251	I use the small dog park at Swift Run. When it rains, there is a big pool that forms, and it is muddy, and sometimes old feces in it. The dogs (being dogs) end up running into it, through it, or takes long drinks from it. It is pretty gross and wish it wasn't there. Also, a number of dog owners leave their dog feces on the grounds without picking it up, and we sometimes end up accidentally stepping in it.	Jul 31, 2013 7:32 PM

269	I dislike the locations. Common sense suggests that population most likely to use/need a dog park are those living downtown, i.e. not having large yards, population used to taking walks, going to city parks, etc. I am not going to get in my car to drive to a dog park to then walk my dog. Also, an on-leash dog park would be pointless for me - I have a big dog that needs to run around, and if he were on a leash the whole time, he would just stress myself and himself out, as well as all the other dogs and dog-owners there. Broken glass was not cleaned up by city. I swept it up and carefully removed shards from soil with a shovel. The apes that emptied the soil from the trash can spilled glass shards at the West entry where dogs enter the park bare footed. Careless maintenance. The glass has not been replaced going of 6 months now. It seems that the mowing crew has never gotten off the riding mower to survey this one acre for hazards & remove many rocks and a 2.5" tree stump from the path of their mower blades. Also, there is a real potential liability to the city if in a city dog park, someone is severely injured by a dog, that there could be a cost of millions in a lawsuit. I know that former city attorney Abigail Elias had serious concerns about the city's liability with dog parks. People using the dog parks are not signing a release of liability to the city. age of 10 - even if supervised. Or, if that is not feasible, specific hours or specific parks where no children are allowed at all, under any circumstances. i was in the park last week and someone brought 2 small children and 3 dogs. there is no way that person can supervise all of that. since the children were running around, someone put their dog on a leash to keep the dog away from the children - this lead to a dog fight when other dogs came to check out the dog on a leash - dogs on leash do not do well with dogs not on leash. people would not feel compelled to put their dog on leash if they did not feel like they had to keep their dogs away from children. the point is, children should not be in a dog park - and when they are, it wastes people time if they have to leave because the dog may not do well with kids or it leads to other trouble, especially if people have to leash their dog.

412	Swift Run - not a pretty area - basically just a field of dirt or mud. Paw Run - too far away. Both areas are inconvenient as my dog dislikes car rides - but does LOVE to run.	Jul 30, 2013 11:17 AM

**Page 2, Q6. What do you dislike about the existing dog park(s)?**

414	I really dislike how far it is necessary to travel to get to a dog park. I live near downtown and my family can't consider having a dog because we don't have space to let a dog exercise. Having to drive to 'run' a dog is counter-intuitive. I would prefer have a dog park that is walking distance (up to 1 mile) from my home.	Jul 30, 2013 11:11 AM
415	They need a secure perimeter, other dog owners need to pick up their dog's dookie and neighbors need to lighten up.	Jul 30, 2013 11:07 AM
416	a lot of feces not picked up. Unleashed dogs threatening people as they run toward strangers.	Jul 30, 2013 11:04 AM
417	It would be nice if they were lit at night because in the winter it's dark before we can get to the park.	Jul 30, 2013 11:01 AM
418	Too far away - need something in walking distance.	Jul 30, 2013 11:00 AM
419	Generally, they can be smelly if not maintained well.	Jul 30, 2013 10:56 AM
420	They're too far away from where I live. We used to live in Madison, WI, where there were half-a-dozen or more dog parks spread across the area, so one was always close. I wish Ann Arbor were more like that.	Jul 30, 2013 10:56 AM
421	Too far from home	Jul 30, 2013 10:54 AM
422	Poorly maintained. Would love more grass, less gravel/dirt, and more shade.	Jul 30, 2013 10:53 AM
423	Olson was ruined by the new clay surface.	Jul 30, 2013 10:51 AM
424	You have to register your dog to use them.	Jul 30, 2013 10:50 AM
425	They are on the outskirts of town; not centrally located.	Jul 30, 2013 10:49 AM
426	They cost too much money to use.	Jul 30, 2013 10:49 AM
427	Uncontrolled dogs, rude owners	Jul 30, 2013 10:47 AM
428	They are far away from our apartment We have heard reports of some untrained dogs in these parks that attack other dogs.	Jul 30, 2013 10:46 AM
429	No water source at Swift Run!	Jul 30, 2013 10:44 AM
430	swift run has nasty puddles that should be filled in. They carry disease and have made multiple dogs sick.	Jul 30, 2013 10:40 AM

432	not having a "legal" one..	Jul 30, 2013 10:39 AM
433	Too far away. Too strict.	Jul 30, 2013 10:37 AM
434	Lack of water, too far from my home, lack of maintenance (nothing is done in winter), lack of any even small improvements over the time of my usage, deep pot holes at parking entrance, lack of monitoring, cost --since I'm already paying taxes and there is so little maintenance, park area is too small, having to deal with the city-- City of Ann Arbor clerk lost my check and took over a week to return my application.	Jul 30, 2013 10:36 AM
435	Aggressive dogs.	Jul 30, 2013 10:35 AM
436	They are loud and stinky and ugly	Jul 30, 2013 10:33 AM
437	I wish there was a park with a pond for the dogs to swim in.	Jul 30, 2013 10:32 AM
438	Rules rules rules, landscape uninviting, lack of trees and paths. My dog ( me too) wants to take a walk in a shaded area and meet other dogs. He doesn't want to stand in a parking lot-like area and run after a ball.	Jul 30, 2013 10:28 AM

**Page 2, Q6. What do you dislike about the existing dog park(s)?**

447	There is no water faucet for filling up the water bowls for the dogs. The grey sand out there gets stirred up into a toxic cloud, wish it was pea gravel. And we need either a small dog run, or fencing that doesn't allow tiny dogs to slip out.	Jul 30, 2013 10:12 AM
448	Too far away from city center	Jul 30, 2013 10:09 AM
449	There arent any that are convenient to use on the west side of town.	Jul 30, 2013 10:08 AM
450	No trees, or interesting topographical features. Would like trails .	Jul 30, 2013 10:07 AM
451	To small. No trails. We need trails and large parks, not little fenced dog parks. Dog parks are physically and psychologically unhealthy. Examples of good parks: Boulder, CO, off-leash trails; Pt. Isabel in Richmond, CA. Rather than creating dog parks, we could designate off-leash hours in some neighborhood parks (e.g., before 9 am and after 9 pm) or off leash days (e.g., Wednesday in County Farm). Or we could create trails on the outskirts of town. These options would better serve everyone.	Jul 30, 2013 10:04 AM
452	Location - long way to drive.	Jul 30, 2013 10:03 AM

460	Aggressive dogs, owners who don't clean up after their dogs	Jul 30, 2013 9:38 AM

468	Not much parking on busier days.	Jul 30, 2013 9:31 AM

517	People that go to socialize and not pay attention to their dogs. Lack of common sense by 2-leggers. Dogs that are there that are unsocialized. Many dogs should have muzzles on and do not. People put small dogs in area not designated for them, this is dangerous for the small dog and if anything happens, it will always be the fault of the large dog, not the fault of the 2-legger who didn't read the signs, or did, and didn't abide by them. 2-leggers who don't pick up after their dogs. 545	Not safe for small dogs and owners do not clean up after their dog	Jul 30, 2013 7:18 AM
546	I believe dog parks are a place where sick twisted people take their dogs and allow them to engage in dog fights. I would never risk my pets well being by forcing her to interact with strange dogs. Dogs are pack animals and interaction between dogs from different packs is unpredictable and unsafe.	Jul 30, 2013 7:18 AM

588	They're far away from town. Olson would be okay if I lived anywhere nearby, but Swift Run is not a place I'd like to hang out -- not enough trees, not near anything I normally go to, etc. If dog parks are just something you have to do to appease people, then I think mission accomplished. If we're trying to be an appealing, walkable, contemporary city, I think we need amenities like dog parks almost as much as we need playgrounds in downtown parks. People are marrying later and having children later, and dogs are increasingly part of the family. If you want to abstract city dwellers, I think you can't continue to fold at every objection from NIMBY Ann Arborites.	Jul 29, 2013 11:31 PM

599	Our dog is not good off leash	Jul 29, 2013 11:04 PM
600	I don't think there are enough options for people so they just make any park a dog park now. I would like to see some fenced in areas in local parks for off leash dogs.	Jul 29, 2013 11:03 PM
601	People not cleaning up after their dogs.	Jul 29, 2013 11:01 PM
602	Wish it was a little closer to where I live	Jul 29, 2013 10:59 PM
603	Too far, no trees, must drive to get there, very disconnected, far from my neighbourhood.	Jul 29, 2013 10:58 PM
604	I dislike the size of Swift Run.	Jul 29, 2013 10:54 PM
605	I hear that some are dirty. That dogs get beat up by other dogs.	Jul 29, 2013 10:51 PM
606	Nothing, really. Some people sometimes seem to forget that they're at a dog park; they seem annoyed by the other dogs!	Jul 29, 2013 10:48 PM
607	they are to far away from where i live	Jul 29, 2013 10:47 PM
608	1) Frequent altercations involving aggressive/anti-social dogs and/or their owners 2) People don't clean up after their dogs so the parks - waste everywhere leaves parks smelly, unpleasant, an unhealthy	Jul 29, 2013 10:41 PM
609	Leftover feces from irresponsible owners; many are responsible , it only takes a few to ruin it. No temperment screening for dogs, (or owners). MUD, lack of maintainance; Lack of wind screening landscaping, (Trash pick up and fence repair are good, consistent). No easy way to report aggressive dogs or irresponsible owners. Many times I have taken my dog and left because of aggressive dogs. Only option is to cal 911, and why do that if someone is not injured and bleeding.... and how can you call 911 until you get the dogs separated and in the car? by then, leaving is your first thought, not 911. And what if the other owner beats you to the car and leaves? no recourse!	Jul 29, 2013 10:35 PM

638	There is no shade in the summer, and no wind break in the winter. It is really only useable a few months of the year.	Jul 29, 2013 9:45 PM
639	Too far away, just an open area without shade or amenities, no separation to make it easy to stay away from dogs mine don't get along with	Jul 29, 2013 9:43 PM
640	They only thing I can think of is that perhaps a place with a little more shade would be nice.	Jul 29, 2013 9:42 PM
641	There are too many aggressive dogs with lackadaisical owners. My pup is always getting beat up so we try to go at times when not many other dogs will be there. Also, for the hunting breeds, grass and mulch is pretty boring. A lot of the hunters like tall grass, shrubs, trees, etc- places where critters can hide.	Jul 29, 2013 9:42 PM

672	No swimming	Jul 29, 2013 8:47 PM
673	Some are not kept up, irresponsible owners and OVERCROWDED	Jul 29, 2013 8:43 PM
674	Olson park is just gravel. When i took my very white dog, he came back gray. It's not really worth having to give him a bath every time I take him to the dog park. If it were a grass park, I would take my dong weekly, but now I don't take him at all (see question 7)	Jul 29, 2013 8:43 PM
675	too many dogs	Jul 29, 2013 8:39 PM
676	People don't take the appropriate legal action to use the parks. (Buy tags)	Jul 29, 2013 8:36 PM
677	Would be nice to have running water/fountain, more grass area (olsen park is very dusty with gravel). May need temperament testing requirements (Northville dog parks require it) as a handful of dogs encountered at the dog park were aggressive and ruiningthe fun for the rest of the dogs who were playong well until that dog showed up.	Jul 29, 2013 8:36 PM
678	No place to swim. Gravel at Olson gets everywhere	Jul 29, 2013 8:36 PM

684	I wish we could have dedicated 'human parks', but alas I would imagine putting a collar around a human would be illegal. lol	Jul 29, 2013 8:26 PM
685	No trees	Jul 29, 2013 8:25 PM
686	They're too far from my home.	Jul 29, 2013 8:25 PM
687	they are a) open to any idiot with any kind of dog with any level of socialization and twisted view of discipline. b) they are quite small and high density leads to behavior problem and spreading disease.	Jul 29, 2013 8:25 PM
688	Swift run is basically mud in many parts, which wouldn't be so bad if there was water to rinse the dogs off. Lack of drinking water is not ideal. More trees would help too, especially in the summer. Swift run is currently too crowded after work hours and I don't like taking my dog when it's that crowded. Dogs can start ganging up on one another with all their pent up energy.	Jul 29, 2013 8:25 PM
689	I dislike the fact that it is a barren field which becomes muddy and filthy with feces when it rains.	Jul 29, 2013 8:24 PM
690	Olsen is too small. Swift run has no shade so it is unbearable in the sun. There is not enough enforcement of permits/aggressive dogs.	Jul 29, 2013 8:22 PM

708	Too far away from our house, which is near the UofM football stadium.	Jul 29, 2013 7:48 PM
709	Far from everything; expensive tags and fees.	Jul 29, 2013 7:48 PM
710	Lack of tag and pick-up enforcement.	Jul 29, 2013 7:46 PM
711	The location is not the greatest. It is also devoid of shade, which makes it less pleasant.	Jul 29, 2013 7:44 PM
712	The rocks and gravel! It makes it tough to walk on, as I exersize as well as my pup! There are also huge potholes at the entrance that can be dangerous because you have to really slow down and drivers on platt are impatient. The water holes. I see they are taking care of the big dog side, but there is one area on the small dog side.	Jul 29, 2013 7:42 PM

736	Not centrally located and not very nice looking.	Jul 29, 2013 6:55 PM
737	Swift Run is too big, has too many people/dogs coming, so visitors are often among strangers and a community doesn't form. I also feel much less safe for my dog among so many strange dogs. Swift Run is also too far away from my house. I'm not familiar with Olson park.	Jul 29, 2013 6:52 PM
738	They're so far away from where we live that we'd need to drive to reach them, which defeats the point of walking the dog.	Jul 29, 2013 6:50 PM

765	Dog owners in my neighborhood (Burns Park) will not get in their cars and drive to a dog part - that's just not gonna happen. They let their dogs play unleashed at the park instead. It has to be the same way elsewhere - unless you live next door to the dog park. Whatever made the city think people would go to any effort at all to visit a dog park, especially on a regular basis?	Jul 29, 2013 5:16 PM
766	Not enough of them to serve the needs of dog owners, especially on the west side	Jul 29, 2013 5:07 PM

782	Far from my house.	Jul 29, 2013 4:29 PM
783	Swift Run: too far south to be convenient. No source of water to fill up water dishes. No shelter. Olson: The grass is slowly being worn away from overuse and being replaced by gravel that contains sharp rocks that are more painful for the dogs to run on. The park is a little small for the use it gets.	Jul 29, 2013 4:24 PM

**Page 2, Q6. What do you dislike about the existing dog park(s)?**

786	The existing 'dog park' in my neighborhood is the playground of an elementary school. When my kids went there, the teachers and principal didn't like neighbors to use it on off hours since some people didn't clean up after their animals and kids came in to the school (or went home with) dirty shoes.	Jul 29, 2013 4:18 PM
787	They are too far away from my home and they feel isolated and a bit creepy. It would be nice if they incorporated trees or water instead of just being open fields.	Jul 29, 2013 4:18 PM
788	The grass and up keep of swift run. Also the permit dogs need to use the park.	Jul 29, 2013 4:18 PM
789	Swift Run lacks protection from strong winds from the west. It'd also be nice to have more shade (though I know trees can't be planted just anywhere, since it's on a landfill) and to have the big puddles attended to.	Jul 29, 2013 4:17 PM
790	It would be nice to have an electronic door pass like the Lansing Soldan park has. It seems like not very many people pay, so that might be a way to get them to pay. But the park is so small that it's easy for people to get in. Also, the park could really use a source of water.	Jul 29, 2013 4:17 PM

797	We visited a dog park in Berkeley CA that is very roomy and allows the dogs to roam and the owners to also get exercise. It is a moderate sized point of land by the bay. Much better than a square of fenced in yard-like land. A true park. I need exercise too along with my dog. A large park with trees, water, and room to roam works much better.	Jul 29, 2013 4:10 PM
798	People with mean pit bulls and other dogs think their dogs are "friendly" and give you a hard time as though it's your dog's fault that their attack animal is out of control. Also, some of the people with big dogs don't bother picking up their dogs' poop -- they pretend it didn't happen. And some of the people with those attack dogs are not very nice themselves. 802	Not enough shade; too MUCH open space, where it's hard to separate from a dog/s that is not a good match. Also, people tend to sit WAY too far away and NOT MANAGE their dog's play.	Jul 29, 2013 4:08 PM

818	Disrespectful dog owners who bring their dog in, let it bully others, don't pick up after their dog, don't bother to do any socialization or training with their dog prior to just showing up at a dog park. Oh yes, lack of shade at Swift Run. Might be nice to have a card or some such thing to let us into the park, those of us who follow the rules and actually have licensed dogs to be able to use these parks.	Jul 29, 2013 3:59 PM

830	I don't like how Swift Run - gets so swampy after rain and melting snow - there aren't many shady spots for hot days - no drinking water access for dogs/humans - no bathrooms for humans - no clean water access for swimming	Jul 29, 2013 3:49 PM
831	Too far away.	Jul 29, 2013 3:48 PM
832	Owners not respecting rules (un-neuter,unvaccinated, un-licensed dogs in the park). Owners not recognizing their dog's behavior (fear, bullying, aggression) and creating dangerous situations where a dog or an owner or both are going to get hurt (this is speaking as a veterinarian). Owners also let their dogs run without supervision and I have watched owners be out of sight or hearing range of their dog(s). I also think there should be a mandatory dog interaction class or that the dogs and owners must have to pass a good dog citizenship class.	Jul 29, 2013 3:48 PM
833	I wonder if they embolden people to use other parks and sidewalks as dog parks.	Jul 29, 2013 3:47 PM
834	The existing dog parks are simply too far away. They are located on the outskirts of the city and absolutely inconvenient. The time that I want to walk my dog are almost always the hours that correspond with significant traffic in Ann Arbor. The few times I have tried to take him to Swift Run after work it's taken 25-30 minutes to get there (from the west side). That simply can't happen. We need more centrally located parks and we need walkable parks. Ann Arbor is trying to promote sustainability, walkability, and overall community, but without neighborhood dog parks and meeting spaces, we won't be able to meet these goals. I often think we forget about the importance human socialization that takes place at dog parks. I recognize that not everyone owns a dog and that people have aversion to losing park space to dog parks, but when we forget about the important needs of dog owners and their pets, we are leaving out an important constituent base. I don't play tennis, nor do I skate or play baseball, but I support these facilities being located in my community. I'd like to know that my fellow residents support me in my park usage - I need space for me and my dog to play. Right now, there simply isn't space to do that in a moderately convenient or accessible way. Additionally, I'd like to see water and some shade available at dog parks.	Jul 29, 2013 3:47 PM

1	Please discuss this with Rita Mitchell who is very active with making Wurster Park work for everyone.	Aug 12, 2013 11:20 PM
2	People often use hunt park in my neighborhood to let their dogs loose without consideration of others in the park. My small children are allergic and will break out in hives or worse if licked by a dog. It terrifies me when owners have no regard for the rules. If given the choice I would pick a specific fenced in area vs. free range time. It seems much more safe for the rest of us.	Aug 12, 2013 10:47 PM
3	Good for dogs to get to play together Good for neighbors and dog owners to get to know each other. My answers for questionss 1-7 were cut off.	Aug 12, 2013 10:25 PM
4	There just are not enough dog parks... I like the idea of smaller/simpler neighborhood gathering places. I have met so many people in the park with my dog. It has been a wonderful experience. Old, young, new to the country, everyone talks and shares a little piece of their day. That is how I found out about this survey!	Aug 12, 2013 7:36 PM
5	Some sort of daily policing needs to take place for these parks to be safe. People are bringing aggressive dogs to the parks and not monitoring them.	Aug 12, 2013 5:31 PM
6	The aim of a "walkable" park means that a dog park would have to be present in many or all neighborhoods, unless you favor only downtown residents. Even then, locations would vary in accessibility.	Aug 12, 2013 4:21 PM
7	Beckley Park is an ideal spot, close to downtown, but away from traffic/businesses/a density of residences. There is plenty of on-street parking. The green hilly space is used for nothing; it's to sloped for sports, not steep enough/safe for sledding. The grassy area is a wasted space that requires mowing. Building a dog park here would still leave plenty of space for toddlers to play, quite separate from where dogs could be contained, and right now only toddlers and the occasional bocce player regularly use this park. (I should know, I take my babysitting charges here weekly!) Also, many folks currently use Fairview Cemetery as an unofficial dog park. Beckley Park is a great alternative. I help organize an annual Northside Neighborhood Picnic in Beckley Park that is attended by hundreds. Even during this event, the only such event in the park, the green area is not used. If the space isn't big enough to accommodate larger dogs (although it may be), perhaps a small-dog only park would be possible. Wether of not the part is converted to a dog park, I would love to see the space used for something! A native-plant meadow is another viable alternative to wasted mowing. A section of Island View is also a good alternative. With the increasing popularity of the Argo Cascades, it is clear that people will use this park if there are amenities they desire. The portion of this park near the DTE station and Broadway Bridge are rarely used by anyone except vagrants. A dog park here would do double duty, to discourage vagrancy and better utilize the field area. As much as I would like more dog parks, I would not support clearing natural areas to create them (example: repurposing NAP or NAPP properties). Formatting issue on #11--Other locations for dog parks: West Park, Shoreview Park, Island View Park, County Farm Park, Vet's Park, part of the DTE property across from Argo Cascades Please contact me if you need more info: Mary Mathias: mathiasm@ewashtenaw.org	Aug 12, 2013 3:57 PM

8	Dog parks provide socialization for dogs AND humans. They are a benefit to building a strong community, a scenario that I witnessed first hand while living in Chicago and meeting many new friends and neighbors while gathered at the dog park.	Aug 12, 2013 3:50 PM
9	Our dog died a few years ago. I *really* appreciate the city taking a more reasonable approach for dogs and their owners!	Aug 12, 2013 3:03 PM
10	HAppy with park-- think fee is too high	Aug 12, 2013 2:43 PM
11	Thank you for pursuing this. It is amazingly "backward" of AA to not have organized dog parks.	Aug 12, 2013 2:17 PM
12	Dog Parks are a great idea for people who are scared of getting sued. Instead of segregating parks for just dogs, just make the existing parts more dog and pet friendly. People who complain can watch TV.	Aug 12, 2013 1:36 PM
13	I very strongly believe, as taxpayers, we should not have to pay for a dog park license. Just as parents with children do not pay for a playground license for their children.	Aug 12, 2013 1:13 PM
14	Thank you for providing this survey.	Aug 12, 2013 10:55 AM
15	My dogs thank you for keeping this going.	Aug 12, 2013 9:42 AM
16	The dogs in Wurster are already a huge nuisance for neighbors. People refuse to keep their dogs on leashes, and clean up after them! The park is FULLY used by the kids and families in the neighborhood in all seasons and a dog park would ruin a family institution!	Aug 12, 2013 7:14 AM
17	Why is this a City issue. Will the city provide a Cat Park for my 2 cats? Who will pay for the dog park. Why would the City get involved? I have always had a dog but would not dream of a dog park funded other than a dog owner,. I am in the process to find a dog but would not make it the responsibility of the city. Who will fund and maintain the dog park? Who will be liable in case of injuries to residence., Who will monitor noise level? Will the City think about our cat's needs? Really, the City should stay focused on more relevant issues.	Aug 12, 2013 5:11 AM
18	Although I used to very occasionally go to Swift Run, once I found out there was a fee I stopped going because there are no amenities there for the dogs worth paying for. Saline (Mill Pond park) dog park is significantly smaller yet offers shade and an open water source for dogs to play in which makes it a far superior space - and it's free. I would pay for the latter if I had to because they offer more than just a fence. Also, I'm not opposed to the idea of allowing an 'evening for the dogs' to be off leash at a local park (my own dog hikes with me off leash often in far-off wooded areas around Michigan), but I do have concerns about the poor judgement of the human owners not admitting to themselves that their dog might NEED to be on a leash, if given the opportunity to test it out in an open park. Most A2 parks have busy roads for borders and I	Aug 11, 2013 11:12 PM

can see more than a few dogs running off, especially when in the company of other dogs chasing each other and playing. My own dog is a CGC trained dog and I am confident in my voice control of her, but I don't necessarily believe most owners have that true confidence in the dog's recall ability yet would still attempt it if they were given the go ahead to do so in a public park. For that reason this idea of allowing an off-leash time in an unfenced park, while I like the idea for my own, trained, dog, makes me leery about the aptitude to handle this from the public at large.

19	Not in Wurster Park or anywhere in the Old Westside!!!!	Aug 11, 2013 9:44 PM
20	I like dogs as much as the next person, but I don't think dog parks are something we should be spending public money on. If dog owners want a dog park they should raise private funds to buy property and pay for the upkeep (set up an endowment?).	Aug 11, 2013 9:31 PM
21	WHY are you considering another dog park when you can NOT maintain the ones you currently have? Why can't there be drinking water at the Swift Run dog park? How about fixing the parking lot???	Aug 11, 2013 5:35 PM
22	Wow, this is survey is too heavily weighted to dog owners; the intent of item 11 is not clear. The function of a dog park within a park: rules/regularions - is not included. For example, what happens if a pedestrian is attached/jump upon by a dog? Who is responsible?	Aug 11, 2013 5:24 PM
23	Prefer to have a designated area that is directly accessible to the entrance. The dog run area in saline is far from parking, across a field, and past the kid play area. Many owners "forget"! To leash their dogs as they pass the kid area = dangerous. Please avoid this in AA.	Aug 11, 2013 4:06 PM
24	Just in case it was missed previously, I am going to state my biggest concerns again - dogs getting loose via the gates. I have personally had my dog escape from the Swift Run dog park and run out into traffic. It was terrifying to say the least. A woman coming into the park was careless and left the first gate open, and then continued into the park, allowing my dog to slip past both gates. If a good Samaritan hadn't grabbed him in the park across the street, my dog might not be alive today. I suggest either investing in making the first gate a spring loaded, self-latching exterior gate (so that even when careless people enter the park, it still shuts), or installing a new, long gate across the path by the porta-potty, to total three gates, all a good distance away from each other to discourage leaving them open. Also there could be mores signs posted to advise shutting the gates, to remind people who seem to forget.	Aug 11, 2013 4:05 PM
25	I would LOVE designated off leash hours in parks!! Thank you for caring about our (the dog owning public's) opinion enough to make and read thus survey!!!!	Aug 11, 2013 3:47 PM

27	We either walk and/or run with our 2 dogs on their leashes at least 3X/day & have fenced yard so we do not need a dog park in our neighborhood. community.	Aug 11, 2013 3:01 PM
28	I am not opposed to dog parks. However, I live near Wurster which is being considered. I don't mind dog owners using it. In fact many dog owners already use it and unleash there dogs anyway even though it is against the rules. I don't mind this. However, I don't want this nice quiet neighborhood to become a driving/parking mess. This is a small park as it is and good for the neighbors and a small amount of others to use. If you open it to dog owners, it will no longer be as appealing for the neighbors who can walk to use it.	Aug 11, 2013 1:41 PM
29	Plenty of time has already been spent talking, waffling, and avoiding — the fact that it took ten years to get the NIMBY locations that we DO have is NOT a bragging point, rather, it is clear evidence of PAC disfunction. It's time for a Dog Park.	Aug 11, 2013 11:59 AM
30	I think that any new park needs to have space for small dogs. I have a medium size dog that loves other dogs but plays too rough if they're very small. For dog safety, it is best to put dogs under twenty pound in their own area.	Aug 11, 2013 11:41 AM
31	I woud be nice there was pea gravel instead of the "slag" that is presently there at Olsen Park. But the slag is better than woodchips which are definitely not desirable because of infection.	Aug 11, 2013 12:48 AM
32	Shelters for dog parents for protection from extreme heat / cold. The dogs need exercise no matter what the weather. Everybody needs shade trees in summer. Attendants would help a lot with bullies.	Aug 11, 2013 12:48 AM
33	Swift Run needs a city monitor and access by swipe key only! Cost should be \$75.00 per year.	Aug 10, 2013 2:37 PM
34	My parents went to school in Ann Arbor thirty years ago. When they come to visit, they always comment on how hard it has become to have dogs here, especially in terms of finding places to let dogs run. Even creating some off-leash hours in existing parks would be very helpful.	Aug 10, 2013 2:17 PM
35	I don't think this is the most significant park issue.	Aug 10, 2013 1:26 PM
36	In any negative comments about dog parks, substitute the word children for the word dogs to check the substance. I support park use for EVERYone. I don't believe in "I want a dog park, just not in MY neighborhood." Other cities have successful dog parks. Why not analyze how they do it and apply those solutions to Ann Arbor's situation.	Aug 10, 2013 12:28 PM
37	would LOVE it if there were times when humans and dogs were allowed to walk thru parks w/ dog off leash!!	Aug 10, 2013 10:39 AM
38	If New York City can accommodate dogs off leash in Central Park, there's no reason this should be such a difficult problem for Ann Arbor. It doesn't have to be expensive or complicated. Open school grounds early in the morning and	Aug 10, 2013 10:24 AM

	late at night, make residents aware of the hours, so non-dog people are aware of the possibility of dogs at certain times, increase fines for not picking up after dogs.	
39	We appreciate having the park patrolled.	Aug 9, 2013 10:45 PM
40	Thank you for wanting to provide more dog park options to families. :)	Aug 9, 2013 3:52 PM
41	There should NEVER be any non-fenced in area where it is allowed for dogs to run off-leash! This is dangerous because too many owners do not pay attn to their dogs and don't even know how to recognize when their dog is becoming aggressive. Also, city of ann arbor should consider a key fob access to the park to ensure that people who are using the dog parks actually paid the annual fee. Most people using the dog parks don't pay the fee. This annoys me since I did pay.	Aug 9, 2013 3:20 PM
42	I live in Dexter but work in Ann Arbor (48104) I volunteer at HSHV and foster many of their dogs and would love a park close to my work, but don't know where any of the parks are!	Aug 9, 2013 3:10 PM
43	There are so many under-utilized and even un-utilized green spaces in Ann Arbor. We should be able to come to some agreement on sharing those spaces in neighborhoods. When dog parks are in the neighborhood, traffic does not increase, there is a sense of community and ownership among the dog owners, and neighborhood security is enhanced by the increased neighborhood activity.	Aug 9, 2013 3:06 PM
44	Off leash time inside a fence would be nice at the dog park.	Aug 9, 2013 3:03 PM
45	My issue with the dog parks is the behavior of owners. There should be etiquette training and strict requirements for use of parks period but especially for dog owners. Dog owners need to demonstrate and pay for this service. I'm sick of seeing dog poop on the trail and not picked up all over the park.	Aug 9, 2013 12:47 PM
46	I would really love to have a dog park around where the dogs can swim	Aug 9, 2013 11:39 AM
47	I think dog parks are a great idea, but they need t be monitored and certain rules and guidelines need to be enforced for owners to feel safe bringing their animals there.	Aug 9, 2013 11:27 AM
48	I love the fact Ann Arbor/Washtenaw County finally got a dog park. A park closer to where I live would be great!	Aug 9, 2013 7:29 AM
49	Please do not move forward with the unfenced offleash concept. I believe that it will result in much more off-leash activity all over town, because of lack of enforcement. I am concerned overall that implementation of a dog park will result in more off-leash activity, outside of the dog parks. Will leash use enforcement be included with implementation of an in-town dog park?	Aug 9, 2013 12:32 AM

50	I think it is important for humans and dogs to reconnect with nature	Aug 8, 2013 4:45 PM
51	I fully support the city's development of dog parks. However, there need to be many of these or else the existing parks end up with too many dogs at one time, which is often a disaster. People with younger dogs often take dogs for the necessary socialization, which is a laudable goal, but they are often learning about dog behavior and let their dog's loose before they (the dog and the human) are ready to handle the freedom. I think a small, designated area for younger dogs and dogs new to the owner (ie. new adoptions or rescues) might be a better use of space than the one for smaller dogs so that the pups and juveniles can romp and play and new owners can stay more engaged with, and attentive to, their dog in a smaller area. A dog's "play" needs decrease as they mature, but they do need to interact with one or two other dogs and, more importantly, get exercise off leash but under the command/control of the owner. There should be signs that encourage new owners, and younger dogs, to use the smaller, "dog socialization" area until they have a stronger relationship with and recall on their dog. That might solve many of the issues I've seen at the dog parks. I also think a bulletin board to communicate with other dog people would help. For example, I arrived at Olson one day and a dog wearing a muzzle ran down the hill to the fence. My dog had recently been attacked (not at a dog park, but on the street, on leash!), so I was reintroducing him slowly back to the park and to other dogs to regain his confidence. I immediately left because I didn't want to take any chances with a potentially aggressive dog. I later learned that the dog was wearing a muzzle because it eats poop. Had that been posted, I would have understood what was going on.	Aug 8, 2013 2:26 PM
52	I used to have a dog so my responses have nothing to do with what I think about them. Ann Arbor has more important issues that it should be dealing with that involve people more directly than play areas for their pets.	Aug 8, 2013 2:03 PM
53	Smaller parks (half to 1/4 the size of Swift Run) with natural water within the fence and shade, to me, is the best option for a dog park. Having one big one causes way too many problems because some dog owners are very unintelligent.	Aug 8, 2013 12:39 PM
54	I was very excited for a dog park to come to West Park. This park is convenient for many people and has a lot of unused space. I am disappointed that the unfounded concerns of one organization changed these plans.	Aug 8, 2013 12:00 PM
55	I am wary of dogs and would prefer not to encounter dogs "off the leash" without fences at parks.	Aug 8, 2013 10:05 AM
56	I have been voting in favor of millages to support our parks--city and county. I am surprised that dog parks were a part of this plan and am totally opposed to it. Dog owners should support dog parks on their own, otherwise, take them to public parks on a leash. I will not support any future millages if they go to animals. The parks should be for ALL human residents. Dogs can accompany them on leashes per the law. This is a very poor use of our tax dollars!!	Aug 8, 2013 9:35 AM
57	I live in Cincinnati, but visit Ann Arbor area often. We would love a place to take the dog to in the area!	Aug 8, 2013 8:51 AM
58	Wurster Park is not a very good option for a dog park. This area is very residential with lots of families and young children. Wurster is heavily used by kids. I don't think this park is a good choice for a dog park.	Aug 8, 2013 7:32 AM

**Page 3, Q18. Please share any additional comments.**

59	I don't know if this is possible, but I would love for there to be a standard for dealing with dog conflicts.Or a standard for owner attentiveness, at least. Thank you for soliciting comments!	Aug 8, 2013 7:14 AM
60	I am very supportive of off-leash hours at existing parks.	Aug 7, 2013 5:25 PM
61	I would support a park that has open access to dogs and people, dual use. People who do not own dogs, but are friendly can use it too!	Aug 7, 2013 4:04 PM
62	I am not sure if I support dogs running around with no leashes where there are no fences. The dogs might get hurt, or chase a squirrel and then get lost from their owners. However, if the dog is trained not to run off, then this is not a problem.	Aug 7, 2013 4:00 PM
63	I appreciate animals and the outdoors, but pets are a luxury item and the responsibility of providing a space and time for entertaining/exercising them falls principally on the owners. I am not in favor of committing additional resources to such an endeavor on the taxpayers dime when other more basic infrastructure issues are in need of addressing. The disrepair of many of the Ann Arbor roads stands out as one of the most obvious infrastructure issues I would like to see more resources put into prior to establishing additional dog parks. However, I would support adding a proposal for Ann Arbor residents to vote on. Even though I would not support the initiative, I would support the process and whatever the end result may be. Respectfully, Blair	Aug 7, 2013 2:36 PM
64	I believe dog owners should 'police' each other (eg picking up after dog) more. When that happens, non dog owners will be happier. Cleaning can be responsibility of dog owners, most of us are totally fine with that.	Aug 7, 2013 8:03 AM
65	I feel there are greater municipal budget priorities and park priorities to be addressed than construction of dog parks. I have also had the pleasure of being bitten by an unleashed dog in a public park (not in Ann Arbor). The dog owners in that case refused to provide information about whether the dog that bit me was current with its shots.	Aug 6, 2013 7:34 PM
66	I would love it if the current sand in Olson park was replaced with small pebbles or stones. The sand is very dirty in both wet or dry conditions.	Aug 6, 2013 3:04 PM
67	As a non-dog owner I have left much of this survey blank. That said, I would like to express the hope that efforts to provide more opportunities for dog owners not be at the expense of childrens' ability to play in our parks. One of Ann Arbor's remarkable strengths is the number of parks it has, and the resulting flexibility and variety afforded residents in going out to them. It would be a shame if neighborhood parks were lost to childrens' use to create dog parks. That said, it seems that in some larger parks the two uses should be able to coexist, as I believe they do quite happily at Olson park (for example).	Aug 6, 2013 9:44 AM

69	I just want to reinforce the idea of providing off leash hours at all (or selected) parks through out the city. If New York City can do it, so can we! <a href="http://www.nycgovparks.org/facilities/dogareas">http://www.nycgovparks.org/facilities/dogareas</a>	Aug 6, 2013 8:03 AM
70	We love Wurster Park and want to keep it the way it is!	Aug 5, 2013 11:42 PM
71	I observe dog parks get more use than adjacent parks. The "demand" seems to be for more resources directed to dog parks.	Aug 5, 2013 9:50 PM
72	Dogs are very much a part of some many Washtenaw county folks- It'd be great to have another one or two dog parks for all to enjoy!	Aug 5, 2013 6:53 PM
73	I'm in favor of walkable fenced dog parks, in part to reduce the number of people running dogs off-leash in small parks and playgrounds.	Aug 5, 2013 3:14 PM
74	While I am happy to have more dog parks in Ann Arbor, I firmly believe the Wurster Park is not a good location for a dog park. It is too small, too closely surrounded by houses, and too heavily used by children and other neighborhood members.	Aug 5, 2013 2:49 PM
75	My children use Wurster daily. This is a small park and as much as I love our dogs, many dog owners are not responsible at dog park. I do not want a traditionally used small and safe park for small children turned into a dog park.	Aug 5, 2013 11:32 AM
76	I'm opposed to the prospect of adding a dog park to Wurster Park, which is a very quiet neighborhood park heavily frequented by small children with many amenities for families that I fear would be eliminated by the addition of a dog park there. Allmendinger Park is very nearby, and people take advantage of running their dogs in the wide flat grassy area there (whether or not that's legal, I don't know). Wurster has just a smaller flat grassy area, the primary use of which is small-sided soccer and other games for younger children.	Aug 5, 2013 10:37 AM
77	I really do not feel that dog parks are a good use of space. We have plenty. Keep the land open for all to enjoy not just dog owners.	Aug 5, 2013 10:28 AM
78	Wurster Park is our family's primary year round park, for the playground, open spaces for picnics and soccer, and the big hill for sledding in the winter. My three kids, husband and I would be extremely disappointed if Wurster was converted into a dog park since our proximity to Wurster was one of our deciding factors when purchasing a home in our neighborhood.	Aug 5, 2013 10:17 AM
79	Off leash hours in natural areas park is the absolutely best idea. This way people have the opportunity to walk and get exercise with their dog and not have to worry about encountering people that don't like or are afraid of dogs which i wish to respect. I can also see that the hours would need to vary from day to day so that people who don't want to walk around dogs off leash would not be restricted from certain times of the day. 80	I don't know of any parks to answer question #11. A drop down list with corsss streets would be a better option.	Aug 5, 2013 8:10 AM
81	Check out Paw Run. It is so good, people pay well to go there.	Aug 5, 2013 8:00 AM
82	It's time Ann Arbor developed an adequate dog park program. We've been talking and arguing about this issue for decades and are well behind a great many other cities. If we institute a decent plan, people will get used to it, see and feel the benefits, and feel less anxious about it (if they currently are anxious). Problems may occur on occasion, as with all parks programs, but I think it's highly likely that they'll be manageable and that the quality of life in Ann Arbor will on balance improve for many citizens and animals.	Aug 4, 2013 11:14 PM
83	My dog does extremely well off-leash and I would highly support sanctioned off-leash times at neighborhood parks.	Aug 4, 2013 10:28 PM
84	Please NO Dog Park at Wurster. I live adjacent to park, my kids play there and I vote a lot	Aug 4, 2013 8:20 PM
85	I'm so glad to know that the City is being creative about dog park options. I think off-leash hours in regular parks are an excellent idea! Given that there are so many good trails/parks close to downtown, I'd support that option even more than the creation of a special open space for dogs.	Aug 4, 2013 7:17 PM
86	nancyliv@mich.edu	Aug 4, 2013 4:27 PM
87	We really need a dog park on the west side!	Aug 4, 2013 12:36 PM
88	The city seems to be taking neighborhood complaints about dog park noise issues too seriously. Dog park noise is NOT a problem. The city should be looking at evidence of actual dog park volume instead of listening to prospective neighbors complain about non-existent noise issues. Dogs are healthier if socialized. Dogs who bark all day are usually those neglected or who have isolation distress issues of being left home alone. Dogs in dog parks tend not to bark all that much, and they are only in the dog park for brief periods of time. I would like to request that the city please look at the evidence of noise issues instead of running away from a location as soon as a neighbor fabricates noise complaints. I would also recommend locations at the new North Main park at Summit/Felch, the DTE Energy site near Argo, and the Library Lane prospective park.	Aug 4, 2013 12:35 PM
89	Everywhere I travel I see easily accessible dog parks. Ann Arbor is woefully behind.	Aug 4, 2013 10:08 AM
90	Please do NOT make Wurster Park into a dog park. Many children use this park to play, get to school.etc.	Aug 4, 2013 8:45 AM
91	The issue of centrally located dog parks will only increase especially as the City works to build a dense residential core downtown. Downtown residents don't even have a small yard in which to allow their dogs to go to the bathroom	Aug 3, 2013 11:51 PM

**Page 3, Q18. Please share any additional comments.**

92	I strongly oppose converting Wurster Park into a dog park. The neighborhood has many families with young children who use the park on a regular basis. Children and their families often play soccer, play on the play structure and in the sandbox, have picnics, go sledding in the winter, etc. Also, preschools, daycares, and elementary schools in the area often take field trips to Wurster Park, and gather there for parties. Please leave Wurster Park as it is, and do not take away this wonderful space for the children in the neighborhood to play! Thanks so much!	Aug 3, 2013 11:39 PM
93	I live in a home bordering the park. I have the following concerns: if dogs get loose will they endanger my young children and dog, will increase in traffic change current neighborhood dynamic of park, will lose current space	Aug 3, 2013 7:44 PM
94	Please, please do not consider repurposing Wurster Park, our neighborhood park, for a dog park. Our two elementary aged children and their friends regularly use the park for a variety of activities, including soccer and sledding. The Lusa's of Wurster Park as a park that us usable to all neighbors, but dog owners, would greatly reduce the friendliness of the neighborhood. We enjoy playing horseshoes and relaxing at the park, as well. It is such an amazing community gathering place for our neighbors and children. Repurposing Wurster as a dog park is an ill-conceived idea... There is no parking, there are no facilities, and it is surrounded quite closely by many homes that do not have dogs. We would greatly mourn the loss of this neighborhood treasure, and would vote accordingly in the future.	Aug 3, 2013 5:40 PM
95	my main concern is health, but just as important is cost. I feel there should be a fee for dog owners to use the facility, since people choose to own a dog, and it is not the taxpayers responsibility to support their choice/hobby. Parks for people are different.	Aug 3, 2013 3:25 PM
96	Wurster Park is NOT a suitable location for a dog park. Children from the neighborhood (and from outside the neighborhood) use the hill as a sledding hill. The other large area within the park is used for soccer. We live in the circle south of the park, and I am also concerned about noise, parking, and change of landscape.	Aug 3, 2013 3:06 PM
97	Thank you for giving area dog owners a park for our dogs. I hope funding will make possible at least the cleanliness and safety of this space.	Aug 3, 2013 2:51 PM
98	The one-hour-a-week meeting at Slauson was ideal, and really all my dogs and I need. This, or the same thing in another nearby location, would have minimum expense, minimum impact on the larger community, and go a long way to solving this problem. But I fear a typical governmental solution: outlaw a simple, useful facility, and replace it years later with a cumbersome, bureaucratic tangle. Don't do that. Simpler is better. P.S. We have no interest in "events and activities."	Aug 3, 2013 1:57 PM
99	Dogs should not be given spaces that are designed for people. I will not support any dog park that takes away park space from people and families. I think any property owner who has a house bordering or within a 1000 feet of a dog park should have a vote to veto a dog park. My neighbor "dog sits" the barking, the dog poop the gathering of the pack is awful. Dog parks should be away from residential areas. Dog walkers will use the park to enhance their business without contributing to the maintenance, I do not want my tak dollars used to convert any part of an existing park to a dog park.	Aug 3, 2013 10:55 AM

100	Wurster Park is part of my daughter's life. We go there 2 or 3 times a week, e.g., she's learning to ride a bike there this summer, and she loves sledding and swings and running down the hill. It is a feature of the neighborhood. She is afraid of dogs. Already unleashed dogs are a problem at times. Kids need a place to run free, too.	Aug 3, 2013 10:45 AM
101	Since many dog owners use Slauson yard and will continue to do so, why not designate part of it to be a dog park, or designate hours when dogs can legally run around off leash? It's like paving a trail through grass that people use regularly because it's where people want to walk (cowpath principle)	Aug 3, 2013 9:48 AM
102	Given the user fee charged, dog parks deserve much better maintenance. Most non-fee parks receive better care.	Aug 3, 2013 9:06 AM
103	It would be nice to have a dog park somewhere on the West Side. As an owner of a small dog, separate hours for smaller breeds and/or senior could be arranged at certain times for those concerned about size conflict.	Aug 3, 2013 9:04 AM
104	successful dog parks build a sense of community and provide much needed exercise for dogs, leading to healthier and happier families	Aug 3, 2013 7:55 AM
105	Appreciate all that is done for the dogs. Hundreds of apartment dogs around need a place to go, so anything we can do to make that easier and more positive would be great. Swift Run is a life saver! (Just want water and shade! )	Aug 2, 2013 11:18 PM
106	people in town should own small dogs; it is not the responsibility of the non-dog person to become comfortable with or to train their children to become comfortable with strange dogs; pit bulls should be eliminated	Aug 2, 2013 5:17 PM
107	Dogs are frequently off leash in my neighborhood and no one in the city seems to enforce leash laws now. It makes it hard to walk a smaller dog or take children and dogs for walks without being confronted with uncontrolled animals. What happened to animal control in Ann Arbor?	Aug 2, 2013 4:14 PM
108	Thank you for taking action on this. The park at Swift Run is a cage, not a walking path where I can walk with my dogs and meet others along the way. I don't want to go to a square, I want to be able to let my dog off the leash as I walk along when safe, and re-lease it when needed (people ask, other dogs approach, etc.) I have received tickets for dog off leash even when it was not a bother to any other soul. Change the law to require a complainant before a ticket is issued.	Aug 2, 2013 3:08 PM
109	I would love to help in any way possible. I am from Indianapolis, IN which is a very dog friendly city. Ann Arbor has some great dog parks but seem to be kind of obscure locations.	Aug 2, 2013 2:34 PM
110	I own a house at 601 W. Madison, Ann Arbor. Please don't build a dog park in the very nice Wurster Park - it would ruin this lovely neighborhood park.	Aug 2, 2013 2:13 PM

111	I like the idea of designated dog parks because it is a challenge to alternate uses. There will always be cleanliness issues.	Aug 2, 2013 2:10 PM
112	Off leash OK @ off-peak hours, but owners have to pick up waste since space would be used by others	Aug 2, 2013 1:42 PM
113	Thanks very much for making an effort to evaluate dog/pet owners' needs/desires w.r.t. facilities for keeping their dogs well-exercised/-socialized. It is very much appreciated!	Aug 2, 2013 1:37 PM

116	I love that we have dog parks. I think people need help learning appropriate use. Not everybody, but many people are naive to dogs and have not clue to their body language and signals they may be giving.	Aug 2, 2013 10:38 AM
117	I don't mind supporting a dog park, I just don't want it near me. I have a very negative view of many dog owners as being irresponsible and entitled, particularly those who use school play fields for their dogs' toilet. they claim to pick up, but they are so busy socializing they don't notice what their dogs are doing. i see it all the time. they already let their dogs off leash in the parks, and dogs often come running at scared people...I don't want even more of them congregating at Wuster or Allmendinger...Want to know how I feel about people who let their cats roam?!...	Aug 2, 2013 9:53 AM
118	I have little interest in a dog park that is a tiny field where dogs play. This creates tremendous destruction of property, lots of maintenance and way too many dogs in a small space. It makes much more sense to open up some already heavily used parks to dogs off leash. If a dog harms any person or other dog, there are already legal consequences for the owner. There is NO need for any other regulation to prevent injury. People assume responsibility for their dogs. It's part of the deal. I would ask you to please look at all the other places with arguably much more sensitive and pristine environments that allow dogs off leash. You are mnaking it so much harder than it needs to be. If you ask all dog owners to go to a small area to release their dogs without room to run and too dense a population, you are asking for the trouble you seek to avoid. And lots more work than necessary. Please don't include benches, if you want people to control their animals. That's ridiculous.	Aug 2, 2013 9:19 AM
119	I think the city should consider the most under-utilized parks for potential dog parks and at the same time enforce current ordinances for dogs on leashes in public and owners picking up dog poo always.	Aug 2, 2013 9:18 AM
120	The neighborhood around Wuster Park is adamantly opposed to a dog park in Wuster!	Aug 2, 2013 8:35 AM
121	The dog park must be fenced in and enforcement of city ordinances should begin in earnest. As a jogger, I am tired of people having their dogs off leash in city parks. Telling me your dog is friendly does nothing to reduce my anxiety around	Aug 2, 2013 7:57 AM

loose dogs.

122	Thank you for your work on this topic. It has been a long time coming and we are grateful for the efforts you are making to create a successful dog park so we can have many more.	Aug 1, 2013 11:01 PM
123	I lived in Austin TX for many years; there are dog parks within community parks all over the city. I used the dog parks daily for all the years I lived there and never once saw a problem.	Aug 1, 2013 10:44 PM
124	This is not an objective survey instrument, as is the case with all the recent City surveys I've taken. A2 hires lots of consultants for various reasons; why not hire a survey research specialist to design the MANY surveys being circulated? That way, we might get some decent data on which to make decisions.	Aug 1, 2013 9:27 PM
125	I have yet to hear any rationale for the desire to have a centrally located dog park. The PAC has repeatedly stated a need, but have not provided any data to back this up. We already have two dog parks appropriately located away from residential areas. A centrally located dog park would only be walkable for a small number of residents, the rest would have to drive and would take up the already scarce parking within the city. My view is simple. If you own a dog (like me), then it is your responsibility to walk it on a regular basis (as I do). The existing parks within the city limits are for people to enjoy. They are welcome to bring their dogs on a leash. Please stop with this obsession of having a centrally located dog park. If another dog park is needed, there is plenty of open space on the outskirts of the city that can be utilized.	Aug 1, 2013 9:20 PM
126	I oppose the repurposing of Wurster park as a dog park.	Aug 1, 2013 8:26 PM
127	Please study earlier responses. I use the parks. My grandchildren use the parks. In my personal experience, owners tend to leave poop around, leave dogs off leash, ignore the fear of children and those of us who have been attacked in the past. Responsible owners do not place others in danger and keep their dogs on leash.	Aug 1, 2013 6:35 PM
128	Perhaps if there were some smaller spaces for people to train their dogs that would be helpful. I've personally run into numerous off-leash dogs in Ann Arbor parks. Some have been friendly and others more aggressive, but it is difficult for my dog to gauge when they run to greet. I know many people use classes and those facilities, but trainers often encourage ongoing work between classes. Maybe small fenced-in areas or off-leash hours would be helpful.	Aug 1, 2013 6:31 PM
129	Dogs must be on leashes when in public space -- sidewalks, parks. Off-leash areas must be fully & permanently fenced-in. Wurster Park is too small to have a permanent fenced-in dog area. Seems to me that a dog park that is too small will result in conflict between dogs (and owners). The best location for a dedicated dog park is where there is enough space to buffer it from other activities. Seems to me that the main desire behind dog parks is to provide off-leash venues -- a bad mix with children's play areas, naturalized habitat areas, general park open space. I don't think that it is a "right" for dog owners to have a dedicated off-leash dog park within walking distance.	Aug 1, 2013 4:22 PM

130	This survey is poorly designed. Get someone at ISR to help construct surveys.	Aug 1, 2013 2:57 PM
131	Question 14 is interesting. If it were possible, dogs could run free in parks without tickets on a trail basis. If problems arose, then they would need to be addressed.	Aug 1, 2013 2:40 PM
132	AA is woefully behind and negligent in providing dog parks.Should be a far less costly project than a kids playground, ball field, tennis court, etc. I do not consider Swift or Olson to be city dog parks. Way too far out. Put up some fences in a number of central / neighborhood locations, and get on with it ! By and large I have found dog parks everywhere to be nicely self-managed with mostly considerate dog owners. Insntall water at Swift and Olson !!	Aug 1, 2013 2:13 PM
133	I think the dog park should be for residents in that neighborhood. If local parking restrictions on the streets near Wurster park need to be modified, then that should be done, so that hundreds of people from other areas don't start parking in front of every single house on Edgewood or Madison or Davis.	Aug 1, 2013 11:14 AM
134	There are a number of people who use our nearest park in the evening to give their dogs a little off-leash exercise. They and the dogs seem to be self-regulating. It is not suitable for all dogs, mine for instance will not reliably come when called. I wish you good luck negotiating this topic.	Aug 1, 2013 11:13 AM
135	Thank you.	Aug 1, 2013 10:05 AM
136	A 2012 article in the Ann Arbor Chronicle detailing a PAC meeting is concerning b/c it looks like the City was willing to go ahead with West Park almost before the neighbors/community could mobilize the anticipated opposition. I am not interested or opposed to Dog Parks per se, however, as you already know, almost no one wants it next to them or in their established neighborhood park, disturbing the many ways the park is currently enjoyed.	Aug 1, 2013 10:03 AM
137	i do not support the proposed dog park at Wurster Park. It is too near to the homes on both sides and the park is used for other activities and dogs would conflict with those activities for children and adults. The shape and length of the park would make out of control dogs difficult to control.	Aug 1, 2013 9:57 AM
138	I am concerned about proposals for a dog park in Wurster - given the use children make of the space (playground and sledding) and its hilltop location (views of the city etc). It strikes me as too 'narrow' and ill-configured to support a dog space that's both adequate and non-intrusive.	Aug 1, 2013 9:50 AM
139	Dogs are not citizens of Ann Arbor, and they are definitely not tax-paying citizens. Owners of dogs need to be accountable for the care of their dog which includes keeping them on a leash in public places (which seems to be especially violated on the Old West Side of Ann Arbor). That being said, I love dogs and think it would be a wonderful idea to create a dog park in Ann Arbor provided that it is a privately funded effort.	Aug 1, 2013 9:47 AM

140	I suggest breaking the park into several separate fenced areas. This could help minimize dog conflicts.	Aug 1, 2013 9:46 AM
141	Wurster site not appropriate.	Aug 1, 2013 9:22 AM
142	Dogs off lease are dangerous and frighten my grandkids. Parks are for people, let's keep it that way.	Aug 1, 2013 8:21 AM
143	Off leash hours are a great idea. I like taking my dogs to natural areas with trails, trees and other natural features.	Aug 1, 2013 7:37 AM
144	The amenities offered in Sec. 9 are better for dogs than those offered to many people parks. How about free biscuits? Tax money should not be spent cleaning up after dogs. Leash laws are not currently enforced in parks, partly because there is not even sufficient signage about the law, so owners claim ignorance.	Aug 1, 2013 7:26 AM
145	I don't mind having FENCED in dog parks. I definitely would not support any off leash time in non-fenced areas. I and my children have been approached by aggressive dogs in Burns Park (at which all dogs are supposed to be on leashes) whose owners think their dogs are "friendly" and many dog owners do not clean up their dog's messes, especially if they are off-leash. Along with adding dog parks, please enforce the leash rules in the existing parks.	Jul 31, 2013 11:11 PM
146	Please consider a dog park only in a newly developed/designed park, not in an existing park. If a new park was developed at the Washington St site, a dog park could be developed in a small portion of that park. Something like the dog park at Lakeshore East Park in Chicago <a href="http://www.chicagodogpads.com/lake-shore-east-dog-park-chicago/">http://www.chicagodogpads.com/lake-shore-east-dog-park-chicago/</a>	Jul 31, 2013 10:57 PM
147	I do not support a dog park at Wuster Park because there is no parking in the area for the park. I do not feel that there is a large enough area in the park near the hill that could make it an adequate dog park. Thank you!	Jul 31, 2013 9:37 PM
148	I do not support dogs off-leash in unfenced areas because when they charge my dogs, my dogs get aggressive. It doesn't matter how friendly the other dog is!	Jul 31, 2013 7:46 PM
149	I would not allow dogs to run off leash anywhere in a public park. From observing dogs at the dog park itself, dogs are animals and even if they are considered to be harmless to the owner, can still be unpredictable under certain circumstances, and can be dangerous to other on-leash dogs and children. Off-leash at public parks would be a city liability. Let those owners who want their dogs to go off leash to do it at their own homes and dog parks!	Jul 31, 2013 7:38 PM
150	A dog park should be a private business that charges members a monthly or yearly fee. Local taxpayers should not pay for a dog park, just as they don't pay for individual gym memberships.	Jul 31, 2013 7:00 PM
151	If our officers would enforce the leash laws and ticket those who run their dogs all over town w/o a leash, the funds generated by the tickets could support dog park operations.	Jul 31, 2013 6:28 PM

**Page 3, Q18. Please share any additional comments.**

152	Please don't turn Wurster Park into a dog park- so many kids in the neighborhood play and sled there. Unless there is a way to key the park safe and maintain the sledding hill.	Jul 31, 2013 4:57 PM
153	It is a HORRIBLE idea to have dogs running off leash anywhere, especially non-fenced areas. It is also against our city law. I am a dog owner and I firmly believe in the leash law. Many owners are not responsible and cannot adequately assess their dogs suitability for such a thing. Above all, THEY ARE DOGS. They can be unpredictable. I have had negative experiences with people who insist their dogs are friendly and then they bite or show other signs of aggression. This is a BAD idea.	Jul 31, 2013 4:35 PM
154	I think that the city is way out of line making dog parks part of their agenda. Let the owners take care of their own dogs, and figure out how to exercise them. If they can't take care of them properly, then they shouldn't have purchased them to begin with.	Jul 31, 2013 3:10 PM
155	I would really like to see a dog park that would have a separate place for dogs who don't get along with other dogs.	Jul 31, 2013 2:54 PM
156	there are MORE than two sexes/genders! Please provide other options (even if it's "other") Dogs that are allowed to be off-leash should be limited to certified handlers, e.g. passing a basic obedience test such as Companion Dog. Off leash should be an earned perk for those who deserve it.	Jul 31, 2013 2:12 PM
157	Was a responsible downtown dog owner until up to 2 years ago when dog passed away, so am very familiar with owning a dog in a downtown/community setting. It has always struck me as frustrating that there was no downtown dog park that would allow dog-owning tax payers to responsibly exercise and socialize their canine family members (sorry, but they are...especially in urban settings :)). This is the population with greatest need for walkable, dog park spaces and perhaps most likely to utilize a dog park. I went out up to 4 times a day with my dog and am an advocate for dog parks, but there was NO way I was going to get in my car and drive across town to the north or south part of town to then get out and walk about in a dog park. But I would walk to one. many residents present all sorts of concerns, I know, particularly those without dogs, but many cities have been able to figure this out. Large (New York, Chicago and on and on..) and smaller ones (Madison, kalamazoo...etc.) In particular, there were many complaints about Slauson Field-- I have always wondered what about the (leasing/purchase if owned by schools) use of the plot of land across Crest from Slauson Field that is used for NOTHING EVER. This would get the dogs out of Slauson Field. I am sure there are a number of potential plots, but was just something I've always wondered. Many thanks for presenting this opportunity to comment on Ann Arbor Dog Parks!	Jul 31, 2013 1:26 PM
158	Since the existing dog parks are outside of the city, I would think that some sort of partnership with the surrounding townships and/or county would be beneficial. My dog is registered with Washtenaw County, which I can do online - I don't understand why I can't do the same for my dog park registration. I think more dogs would be licensed in general and specifically for the dog parks if we could do it online. Most people work and don't have access to a fax machine, and physical mail is not particularly convenient. If there was a way to tie dog park and dog registration together (dog park	Jul 31, 2013 12:36 PM

registration accessing dog registration records) or that verification of sterilization-status / vaccination was done in cooperation with vets....

159	Since there are sprinklers adjacent to the Olsen park how difficult would it be to install a dogs only water access? Also it is important to NOT put wood chips as a surface in the park. Pea gravel would help because the slag or whatever is currently at Olsen park is pretty dusty especially in the summer time. But it is MUCH better than the grass and mud at the other park.	Jul 31, 2013 12:29 PM
160	Since there aren't any dog parks in Ypsilanti, I would use the parks in Ann Arbor	Jul 31, 2013 12:04 PM
161	I have been to a dog park in Boston with my dad and his dog. I found it clean and a positive addition to the community. It was well fenced, with a double gate (like an airlock), and the entire substrate was pea gravel. It was a fine place for people and their dogs to meet and greet. Size: about a quarter of an acre. Several large trees and several benches, as well as a water fountain.	Jul 31, 2013 11:42 AM
162	Dogs should never be allowed off leash! Outrageous suggestion. I bred and groomed dogs and am stunned with the irresponsible dog owners in Ann Arbor already. Cannot enjoy a relaxing walk with my mild sweet dog without encountering aggressive breeds pulling at leashes and snapping. So keep the dogs on leash and have reporting system for dog issues.	Jul 31, 2013 11:15 AM
163	Do not build a tiny fenced dog park. This does large dogs no good. They need to run in a decent size space like Swift Run. Well exercised, socialized dogs are what every community should strive for and dog parks make that possible. Also, they create community among people, as they get to know their neighbors.	Jul 31, 2013 11:05 AM
164	I hope the city will finally provide some space for a centrally located dog park, but a space larger than a 1/4 acre (too small). I am a tax payer (since 94) and would like to see my interests met too as I don't play base/softball, tennis or have kids.	Jul 31, 2013 10:26 AM
165	This is a poor survey. There are consultants out there who could help you construct a better one.	Jul 31, 2013 9:55 AM
166	Thank you for considering more dog parks.	Jul 31, 2013 9:19 AM
167	Many neighborhood parks are too small to support redesignation of a portion for such a special purpose. Dog parks should be situated either in large parks or in new spaces purchased for the purpose. I do not support the repurposing of any of Ann Arbor's distinctive and highly-valued Nature Areas for this purpose.	Jul 31, 2013 8:07 AM
168	Given the growing obesity rate, I think your efforts are better spent encouraging people to get out to walk and run WITH their dogs, instead of standing around at a park while the dog exercises. It's been suggested in the past that West Park	Jul 31, 2013 7:53 AM

171	THE CITY CAN'T AFFORD THIS.	Jul 30, 2013 10:56 PM
172	Please publish how the necessity for another dog park was determined, rather than stating it's in the "master plan". I know many dog owners & know of none who are clamoring for a dog park. We don't use the ones here now.	Jul 30, 2013 10:36 PM
173	I am especially concerned about the placement of a dog park at Wurster. There doesn't seem to be a location with adequate space without repurposing sites already well-used by people.	Jul 30, 2013 10:32 PM
174	Although I am a dog owner, I do NOT support a dog park being located at Wurster Park. Wurster Park is a small, walk-only neighborhood park. Kids gather to play soccer in warmer months and sled in the winter. Putting a dog park in this park would greatly diminish the neighborhood children's access to play space. I live on the park and run a preschool out of my home. Dogs are already continuously off-leash which puts me, my children and those in my preschool at risk. It makes it very difficult to enjoy the park. Off-leash dogs run up and threaten my children often as it is. Putting a dog park in Wurster Park will only increase traffic and potential for more off-leash dogs. Off-leash dogs also relieve themselves in our yard, which is rarely cleaned up by the owner. I am concerned that a dog park would increase this health hazard. I also believe it will negatively impact the landscape of this serene neighborhood park.	Jul 30, 2013 10:23 PM
175	When I belonged to Paw Run (a private dog park) each dog was tested for aggression. The people tended to walk in groups with their dogs. There was an agility course available. Absolutely no problems occurred. I note a dog park in Saline at the Mill Pond Park. It might be worthwhile to ask them about problems or lack thereof. It's located right in a dense neighborhood.	Jul 30, 2013 9:48 PM
176	Why the emphasis on another dog park? There are already two and I don't think they get that much use. Seems to me you're looking for a solution to a non-existent issue. Thanks for listening.	Jul 30, 2013 7:40 PM
177	I really believe that dogs require a dedicated site to ensure that they have room to run and play within fenced boundaries, a cleanup patrol, and can not share a park that is used by children or residents for other purposes.	Jul 30, 2013 7:21 PM
178	my sister's dog was attacked by another dog at olsson park and because the city claimed no liability it escalated to lawyers. Having an ombudsman would be helpful.	Jul 30, 2013 7:01 PM

**Page 3, Q18. Please share any additional comments.**

179	I think there should be specific family hours in dog parks. The dog park is the one place for DOGS to be off leash, and it doesn't work well when small children are running around among the dogs, who may not look out for them when running. Or may not like children.	Jul 30, 2013 6:52 PM
180	Trails that can be hiked with off-leash dogs would really be nice. Better than some boring square lot fenced in. Dogs like to travel with their masters off leash.	Jul 30, 2013 6:37 PM
181	Question 14, if implemented sounds dangerous. It appears to be an attempt to return to no leash use for dogs at all. Please do not proceed with this idea. There are already many unreported instances of off-leash activity in parks. This would weaken a regulation that is already in place with weak to no enforcement.	Jul 30, 2013 6:32 PM
182	West park no fences would be great.	Jul 30, 2013 6:24 PM
183	I would recommend locating dog parks away from neighborhood areas and that the city think carefully about the maintenance needed for this project - not to rely upon dog owners or volunteers.	Jul 30, 2013 6:23 PM
184	Thank you for gathering community input. Swift Run is a great dog park that will be much improved by the feedback you collect!!	Jul 30, 2013 5:45 PM
185	Off-leash dogs are not safe. My dog is bad with other dogs but I can't tell you how many times other off-leash dogs have come charging across the park/lawn/street (pick any one) at her to attack while the own says meekly: no fido, no no. Keep off-leash dogs in a park or at home. There is NO role for off-leash dogs in regular Ann Arbor parks.	Jul 30, 2013 5:44 PM

188	It would be nice if people could get a one day pass. A person from out-of-state was in the park today & didn't realize he needed a permit. It would be great if the officers could have given him (for a fee) a 1 day pass. However this would not guarentee the animal was up to date on vaccines.	Jul 30, 2013 4:58 PM

192	I would rather have a high-use dog park taking up park space than Project Grow fencing it off for a few people's use	Jul 30, 2013 4:37 PM
193	My previous dog and I have been attacked more than once by an aggressive dog off leash, so I guess it depends on the dog when it comes to off leash areas.	Jul 30, 2013 4:34 PM
194	I think this survey leaves out questions about giving up space for kids instead of dogs. Please do not take our Wurster Park sledding hill away from our children! Please do not take our Wurster Park soccer area space away from our children! Thank you!	Jul 30, 2013 4:24 PM
195	It would be interesting to learn which potential areas could serve the dog community. I like seeing people walk their pets in the community, especially those that clean after their pets.	Jul 30, 2013 4:19 PM
196	I feel that people who chose to own a pet should solve these problems on their own. Tax dollars shouldn't support them. The purposed dog park near the church on Chapin is not good. It is close to church, homes, playground for small children.	Jul 30, 2013 4:18 PM
197	I would support off-leash times in some natural areas so I could run/hike with my dog. Other towns (Boulder, CO for example) allow this of dogs so long as they respond to owner by voice command.	Jul 30, 2013 4:10 PM
198	There is a small but extremely vocal and energetic anti-leashless-dog contingent in this city. They are far exceeded in number by people who love to see dogs running and playing. Yes, there are jerks in every city who don't handle their dogs responsibly, but there are jerks in every city who don't handle themselves or their children responsibly, too, and you don't exclude them from public facilities. Sorry - cranky today. With all the dog lovers in this town, we could take at least ONE of the bigger, natural parks with water and vegetation and make ok to have dogs off leash there for at least a couple hours a day - Barton Park would be great, for example.	Jul 30, 2013 3:58 PM

I am all for having more dog parks. We are a city and we need to behave like it. Strictly enforce people taking their dogs to parks and having them run off leash. I am sick and tired of having to run and pick up my kids because someone thinks that their dog "is nice" and then it decides to run and growl at me or my kids. Also they routinely leave all excrement at the playgrounds, it is disgusting.</p>

206	<p>I believe the city needs dog parks. They should be segregated from facilities such as schoolyards that are designed for children's play and activities. Having lived across the street for decades from the Slausson Schoolyard, I can say that while most dog owners are courteous, a substantial minority do not clean up or control their animals. I don't see this as a major problem in areas that are specially purposed as dog parks, but it can create problems in an area primarily targeted for use by children.</p>	Jul 30, 2013 3:00 PM

	always hover if a child wants to touch her, it's the responsible thing to do. Dogs who don't like something responde by growling and/or biting.	
213	I did have dogs and will again. This is an important issue to me. I love dogs and they need places to run and play and be dogs. Still human companion responsibility to clean up and keep their dogs from harassing/doing harm to other dogs or people.	Jul 30, 2013 2:05 PM
214	I would not be in favor of any dog park that was not fenced in. It's irresponsible.	Jul 30, 2013 1:59 PM
215	I fully support dog owners having areas to exercise their dogs. But I do not think parents should be expected to feel comfortable with dogs running around off leash. I think a separate park or designated hours would be the best solution. Thanks.	Jul 30, 2013 1:58 PM
216	While I don't use dog parks I think it is important that they are available in the city/surrounding area or preferably certain hours in a section of a large park for off-leash dog walking.	Jul 30, 2013 1:58 PM
217	Swift Run is great, especially with the temporary fence installed around the giant mud puddles--if we can have them installed around the smaller ones our dogs ALWAYS manage to find it would be perfect!!!!!!!	Jul 30, 2013 1:41 PM
218	I live in Ypsilanti, but have previously purchased and used a permit for Swift Run -- I definitely appreciate Ann Arbor's willingness to share some park amenities this way! As indicated in some of my answers, though, we stopped taking our dog there out of concern for interactions with some of the other dogs -- ours is an anxious and high-energy rescue who does fine with other dogs in small numbers, but can get overwhelmed by the large numbers of dogs and people at the park.	Jul 30, 2013 1:38 PM
219	Have seen the designated hours approach work before in Sacramento where I used to live. One advantage to limited hours in a mixed-use space is that the dogs don't continually trample the grass destroying it and creating a huge continuous mud puddle. This is the problem I have noticed with dedicated dog parks I have frequented in the past.	Jul 30, 2013 1:30 PM

222	A dog area with swimming would be really coo and I think a lot of people would use it. (Sorry if there is one already, I don't go to dog parks because I live on 50 acres. Saline used to have an area for dogs on the river and it was cool.	Jul 30, 2013 1:07 PM

233	Off leash parks that have fences is a very desirable aspect of any future dog park for me. High energy dogs such as hunting breeds cannot expend the necessary amount of energy on a short leash.	Jul 30, 2013 11:32 AM
234	Dogs off leash in a non-fenced area is ALWAYS a bad idea. Most owners believe they have control of their dogs, but don't. Those of us who have walked our dogs (on leash) and been attacked can testify to this. Unfortunately I have encountered this many times at Abbott Elementary.	Jul 30, 2013 11:27 AM

237	Normal people can walk their dogs around the blocks in their neighborhoods, let them out in their back yards to play, and on the weekends take them to the metro parks. We don't need more nut cases to destroy more property in the city. The mayor & the council have already done enough of that. We have to put up with disrespectful snotty students blasting music from their houses & their cars. No one needs to listen to barking dogs chasing each other at 6 am.	Jul 30, 2013 11:21 AM
238	The question of 'off leash' hours is hard for me. I think that it's a good idea and I see a lot of dogs around my area off-leash and they are always well-behaved and the owners obviously know their pet and know that they can do this. However, I would want to know more about this option and hear about cities where 'off-leash' hours have been implemented to learn how people and animals respond. I think a strong community outreach campaign would be important so people know to expect pets off-leash during those times of the day.	Jul 30, 2013 11:19 AM
239	I like the original plan and location for the West Park dog park, and support the idea of a one year trial of it.	Jul 30, 2013 11:13 AM
240	We do NOT need a dog park near Wurster Park! Excessive dog traffic already hear, unleashed dogs threatening people , unpicked feces, urine on grass and sidewalks dis-colors my grass lawn. Owners NOT respected or responsible for their dogs.	Jul 30, 2013 11:12 AM
241	I think the off-leash hours in non-fenced areas is a TERRIBLE idea! There are already too many dogs running loose in West Park -- so much so that I often couldn't walk our prior dog there - we got attacked by dogs too often. Designating a time when dogs could run free in the park would effectively close that park to us during those times.	Jul 30, 2013 11:05 AM
242	Although not a current dog owner, I think dog parks are very useful for the community, and the NIMBY sentiment should not prevail.	Jul 30, 2013 11:00 AM

246	As reported and as I remember the county says compliance with licensing is 12%. Park a couple of officials at Swift on a random summer Saturday to get folks to buy their licenses and permits (take the following Monday off). Allow them to be sold by HSHV.	Jul 30, 2013 10:48 AM
247	I live in AA, pay high taxes, don't have kids. All I want is a decent place to take my dog for an off lease walk and I don't think I should have to pay even more to get that, or jump thru hoops of paperwork to use it. Relax, not everything has to be micro managed. The existing dog parks are literally scraps of land that no one else wanted, with rules attached. Why	Jul 30, 2013 10:42 AM

would I want to go there?

248	The fees, etc associated with the dog parks are ridiculous. We come from Portland Oregon where dogs are allowed in many places (sidewalk cafes, parks, riverfront) as long as they are well behaved. Why can't Ann Arbor look into this possibility?	Jul 30, 2013 10:40 AM
249	I wish there were parks that I could safely go for a walk with my dogs without racing bicycles scaring us to death. One of my dogs is deaf, and it takes a minute to arrange them to the side of a path for a passing bicyclist.....but there is no warning, and I end up yanking my dogs, alarming them and maybe hurting them just so we're not hit by the bicycles. Isn't there any park where bicycle racing isn't allowed?? It turns a peaceful, bird-watching walk into a nerve-wracking time.	Jul 30, 2013 10:30 AM
250	Two ideas: (1) Take a page from the MDOT "dog runs" at rest areas. Dog parks need not be elaborate to be well-used; (2) Rotate fenced in "dog runs" in different parks in different years. It is not hard to put up chain-link fence and a trashcan. Permanent dog parks generate NIMBY response, but rotating dog parks share the benefits and burdens more equally.	Jul 30, 2013 10:23 AM
251	would like as many small parks as possible so people can stay in their own neighborhood (a park downtown will attract the whole city to one very crowded neighborhood and cause lots of wear-and-tear in and around the park)	Jul 30, 2013 10:23 AM
252	The dog parks that exist are really good. The city could use a few more.	Jul 30, 2013 10:15 AM
253	While I do not have a dog, I generally support the creation of dog parks throughout the City provided that they are well maintained. I would support designating specific hours in portions of some parks for dogs to run off leash without fences if the following conditions are met: the dog area is not near the playground equipment (I have a toddler and would rather not have to chase dogs away from her while she is on the playground), and someone actually enforces the off lease hours so that there aren't dogs running loose all of the time.	Jul 30, 2013 10:14 AM
254	I have multiple dogs. One major concern when I think about a return to the Ann Arbor area, is how, when, where I will be able to walk my dogs and give them a little of the freedom that they currently have where we live. It is a major concern and will have major affect on my decision on when and if to return to living in Ann Arbor.	Jul 30, 2013 10:01 AM
255	People are the worse things about dog parks. Most of the general public knows nothing about dog behavior and expect dogs to act like people. Unfenced, no leash park time would be the worse. Most pet dogs have limited training and no recall. Even the best trained dog acts like a dog. Most people do not understand aggressive dog behavior, prey behavior or breed traits. This sets up public dog parks for "fail". My dogs and I enjoy park time on a long line. This way my pets do not bother other people and their pets. I WOULD rather have a dog park then loose dogs, that way no dog is running free to bother my dogs. But I think city money could be better spent.	Jul 30, 2013 10:01 AM

259	this is NOT a very good survey.	Jul 30, 2013 9:29 AM
260	I love dogs, but I think the proposal in #14 is naive, misguided, and very unfair to a large portion of the population who are afraid of dogs--whether a dog "would bite" or not is not the issue, the issue is that many people (especially those from countries where dogs are not tame pets) are terrified of dogs running loose, and would feel confined to their homes if they lived near a place where dogs were allowed to run free.	Jul 30, 2013 9:21 AM
261	The number of dog owners who are having impromptu dog meetups on school grounds has to stop. The only way this will happen is if there is a more location-friendly dog park, most likely on the west side of town.	Jul 30, 2013 9:17 AM
262	dogs are not people and no tax money should be spent on them	Jul 30, 2013 9:11 AM
263	Please don't locate dog parks or off-leash areas where there are lots of houses. We live near Wurster Park and (illegal) off-leash dogs have badly scared my two small children. Starting a dog-centered culture in a new park should be in a park that is not right in the middle of city neighborhoods.	Jul 30, 2013 9:05 AM
264	I think that any new dog parks within the city should be established in an entirely new park -- for example, on North Main. Their impact on existing use of parks is inevitably a take-away from general use constituents for a specialized and limited use.	Jul 30, 2013 9:04 AM
265	Perhaps some volunteers/staff can check for tags for dogs using the dog park. I take my dog frequently and I have never been checked, and some people bring brand new puppies to the park, and I doubt they've received all their shots as they are young, and I worry about their health. 269	We need a dog park on the west side of town. We need a lot of things, actually, but a dog park would be a nice start. Thanks!	Jul 30, 2013 8:40 AM
270	I actually doubt anything will be done. This comes up from time to time but nothing gets done. My husband and I have been tax-paying residents of AA for over 20 years and don't object to ball diamonds, etc., even though we don't use them. We would use a local dog park but never get one. It seems an unfair use of our tax money, yet we don't whine and write letters to the editor complaining about sports leagues - and if we did people would say we were "selfish". Why are dog parks such a low priority? Dog owners pay taxes, too.	Jul 30, 2013 8:40 AM

275	Adding another dog park in the Ann Arbor area would be extremely beneficial. The current parks get very crowded at peak times and it helps our dog so much with socializing and expending energy! We love Olson park and it would be great to have another similar to that one. Swift run is just too big. It would be nice to split the big dog side into two.	Jul 30, 2013 8:21 AM

278	I think a Dog Park is a fantastic idea! My strongest comment is that I think any potential dog park would need to be fenced in. Many people are uncomfortable letting their dogs run loose (even well trained dogs can lose sight of rules when theres a squirrel to chase) and many folks who don't own dogs would be very uncomfortable seeing them running loose in neighborhood parks. Dogs on leashes are already being walked in residential areas. A fenced in Dog park would give dogs a break from leashes, and keep residents feeling safe from free roaming animals as well. Just my two cents.	Jul 30, 2013 8:15 AM
279	West Park desperately needs a dog park, in order to attract significant numbers of neighbors. Otherwise, it will continue to be underused & a hang out place for drunks.	Jul 30, 2013 8:12 AM
280	As said above- there are 2 perfect places to consider -- the land next to Pall on Wagner and the vacant building on Washington across from YMCA. Both would make terrific dog parks and meet the needs of the west side.	Jul 30, 2013 8:10 AM

**Page 3, Q18. Please share any additional comments.**

281	Get a dog park soon, and start enforcing the leash laws at other places, like Bird Hills.	Jul 30, 2013 8:02 AM
282	Re: #14, that's probably not a good idea. As soon as a lazy dog-owner neglects to pick up after their dog there will be complaints from non-dog-owners using the park at other times.	Jul 30, 2013 7:56 AM
283	I would like something in the country, without fences, where dogs could run free and explore. Maybe a piece of property that is part of the land conservancy or the green initiative. A place that would not impact vegetation. A place to swim would be great also.	Jul 30, 2013 7:55 AM
284	Still to be discussed: fees, health check, perhaps a commitment from dog owners to stay with and monitor their pet and be responsible for. Perhaps it could be run like a Co-op. Members all taking turns to monitor the park, check who comes in, etc.	Jul 30, 2013 7:42 AM
285	The survey would not accept my answers to question 11. I would like to be able to walk my dog off leash at all the parks along water, especially along the river. I would like to have perimeter fencing to allow dogs to be off leash while I take a walk. My preference is for parks along the river. I would like to see dog waste bags and waste receptacles more widely available both in parks and in the city in general.	Jul 30, 2013 7:38 AM
286	Cats should not be allowed to roam!	Jul 30, 2013 7:26 AM
287	Many dog part out of state have daily pass options - the ability to purchase a pass at the park. I foster dogs on occasion and would like the ability to take my fosters to the dog park but cannot because I do not have a permit for them. There are also times when my rescue group gets together with their dogs and fosters for a "meet up" but not all members are from Ann Arbor or Washtenaw Co so they do not have permits. Instead we go to Mill Pond Park in Saline. It's smaller but cleaner and nicer.	Jul 30, 2013 7:22 AM
288	Thanks for asking the public for feedback.	Jul 30, 2013 7:01 AM
289	I think repurposing existing parks for "dog off-leash hours" would offer a cheaper solution than a whole new park in some areas. Some of us would be happy with areas NOT fenced in completely.	Jul 30, 2013 6:55 AM
290	Put a dog drinking attachment at the fountain in Allmendinger.	Jul 30, 2013 6:55 AM
291	I love dogs & I believe there should be more dog parks away from houses--even though I would never ever take my own dogs to a dog park anywhere ever again-- my choice after years of using dog parks & having my own dogs be bitten by other dogs . They have also picked up get fleas & the subsequent tapeworms from the fleas in dog areas before- just not for me anymore-- I prefer doggy daycare & choose to spend my money that way supporting those local & professional businesses	Jul 30, 2013 6:55 AM

292	Do NOT put a dog park in Wuster! No parking there! The area looked at for a dog park is used by young children in the winter for sledding! West Park is a much better choice!	Jul 30, 2013 6:50 AM
293	I think an unfenced off-leash hour at parks is a bad idea. Currently dogs running off-leash at several parks I frequent keeps me from visiting those parks with my dog. An unfenced dog park is a danger to dogs and humans!	Jul 30, 2013 6:44 AM
294	Thanks for doing a survey. As a dog owner for 20 years living in AA, I have never had a need for using a dog park. In my opinion it is the dog owner's responsibility to exercise and clean up after their dog. This should not be subsidized by taxpayers.	Jul 30, 2013 6:22 AM
295	People will not keep dogs leashed. You will have dog bite cases and unvaccinated dogs. People won't clean up after dogs.	Jul 30, 2013 6:21 AM
296	It is crucial that additional locations be established (I shouldn't commute across town farther than my work just to run my dog) -- either a couple large parks or many small parks, preferably fenced in woods rather than just open areas. The many dog owners would greatly appreciate the opportunity for people and dogs to socialize safely.	Jul 30, 2013 5:41 AM
297	If no one volunteers for the above activities, what will the city do? I consider the proposal in #14 to be irresponsible and likely to generate off leash activity in many locations. Implementation of another dog park should be accompanied by trained professionals, who can provide advice to the city and to the dog owners, to minimize dog conflicts, and to teach people best practices for using dog parks. Be ready to have lots of signs and to address personal responsibility for liability.	Jul 30, 2013 2:44 AM
298	I work near a middle school where dogs are prevalent and it amazes me that people think that it is sanitary for the students that play in this area. Yet dogs are abound and dog excrement is found all over the grounds. It would be nice if these dog owners were forced to use another park to use.	Jul 30, 2013 1:01 AM
299	Ann Arbor should have more dog parks	Jul 30, 2013 12:32 AM
300	Refer to the last comment re. sign ups. Dog owners are so grateful for the Park I go to that they would gladly donate time, skills, etc to help out. Also in the instances where I witnessed a person from the City to come in and check dog tags (a perfectly legitimate venture) why couldn't he have had the paperwork with him and sold the people tags if they had the other vaccination, etc. tags...I was okay but for one person it would be such a hassle to find a handicapped parking space, go down to the Office, etc, I felt so sorry for her. She would have paid twice the price and the kid was so callous, just grab your puppy and get out until you get tags, next.... I repeat, you make the first step, put notices on the gate and I'll do whatever and I'll enlist others.	Jul 30, 2013 12:31 AM
301	Please do not put a dog park in Wurster - it's a small park and there isn't enough room.	Jul 30, 2013 12:02 AM

302	New dog parks are a waste of scarce resources.	Jul 29, 2013 11:53 PM
303	I am allergic to dogs, so we don't own any. I am not averse to dogs behaving well and having fun while doing so, however, my experience has been that many, if not most, dogs that I know and meet (even those of most of my friends) are not well-behaved. I am concerned about small children who are not experienced with dogs having a negative encounter. It would only take one bad dog-bite to a small child to kill any off-leash sentiment among those currently apathetic to off-leash dog parks. Also, I REGULARLY see people not picking up their doggie's messes while their dog is on a leash in A2. I could only imagine that this would increase when dogs run off-leash, and potentially out-of-sight.	Jul 29, 2013 11:43 PM
304	I think designated times for running off leash in parks without fences is a bad idea--I have had off-leash dogs in these instances run over to my leashed dog...even if the off-leash dog is friendly, the leashed dog may not be and this can cause problems. I also have seen off-leash dogs in parks run across a busy street from a park to meet another dog on a sidewalk, etc, and this is dangerous to dogs, drivers, etc. I've also had off-leash dogs in parks run over to me and dirty myself and the books I am reading, eat my food, etc; I also know some people are allergic to dogs and would prefer this not happen. I love letting my dog off leash, but I respect only doing this in my fenced yard or dog park.	Jul 29, 2013 11:39 PM
305	I am a homeowner and a big supporter of a near town dog park. I loved the community that developed around the Slauson park, and I hope that we can have something similar again some day.	Jul 29, 2013 11:38 PM
306	I am in support of any dog parks on the west side of Ann Arbor. Even fenced pocket parks would be great - in larger, walkable cities it seems that there are dog parks tucked into many "in between" spaces to accommodate those without yards. Sprinkling those throughout town would be great for those of us who have fenced or no yards and dogs who are apt to chase anything into the street.	Jul 29, 2013 11:33 PM
307	We need a dog park on the Westside.	Jul 29, 2013 11:06 PM
308	I would like stronger enforcement of leash laws in the city as well as some safe options for people to have their dogs off leash. But I do NOT support letting small dogs or any dogs run around off leash in a park. I have had way too many bad experiences, and generally owners cannot control their dogs who are off leash.	Jul 29, 2013 11:05 PM
309	The current parks are both a 20 minute drive for me from the west side.	Jul 29, 2013 10:57 PM
310	Get in this century, Ann Arbor city council and administration! Listen to your citizens. It's not 1960! Dogs cannot run loose, nor can kids walk alone around town! Provide for your citizens needs! Stop spending so much time and \$\$ on public art funding, and provide basic needs. It is embarrassing we had to privately fundraise for a skatepark! Do you folks ever leave town? Many other communities seem to provide public facilities (Quality Public Facilities), even conveniently located public bathrooms, that somehow we can't manage to provide. Why is that? I just spent a week in the M75 region, and Every Town had public restrooms. Many allow dogs on beaches in certain hours. No evidence left behind by dogs;	Jul 29, 2013 10:56 PM

313	It's better to have several large, well maintained dog parks than a bunch of little nasty things.	Jul 29, 2013 10:36 PM
314	I DO NOT support allowing dogs to be off leashes in parks where kids play. This is unsafe and unsanitary. People in Ann Arbor already don't know how to pick up after their dogs!	Jul 29, 2013 10:34 PM
315	As my dog aged, it would be nice to have a place or times for older dogs that have trouble with the younger more active dogs.	Jul 29, 2013 10:29 PM

317	I support dog parks 100%	Jul 29, 2013 10:28 PM
318	we need more parks that allow dogs on leash too. There are too many that ban dogs altogether.	Jul 29, 2013 10:27 PM
319	Dogs should be on a leash! Dog parks should be fenced in! Sad that in Ann Arbor children go to sleep hungry, while the city worries about dog parks!	Jul 29, 2013 10:19 PM
320	The taxpayers should not have to fund this... and I'm a Democrat who favors providing essential services to those in need and that benefit the community as a whole. Dog parks do not qualify. If there is enough demand, buy some land and make it available for that purpose. I don't ask the city to pay for my hobbies.	Jul 29, 2013 10:14 PM
321	I am opposed to dog parks within city limits. I would prefer my tax dollars to be spent on parks improvements that directly (and solely) benefit humans. I am also opposed to loosening leash laws. Off-leash dogs have charged my stroller several times -- I have had to treat these as attacks on my children.	Jul 29, 2013 10:13 PM
322	Would also like benches for people, parking for those who come from too far away to walk, and adequate size for big dogs to run, but could only list 3 items above.	Jul 29, 2013 10:12 PM
323	Ann Arbor should start seriously policing the dangerous situation in parks such as Barton, Hunt, and Bird Hills where dogs are routinely found off-leash. This poses a real risk of injury, and detracts from the use of parks by the vast majority of potential users.	Jul 29, 2013 10:07 PM

324	I really hope that we can finally get a centrally located dog park that is bigger than the one that had been proposed at West Park. A 0.25-acre is too small.	Jul 29, 2013 10:07 PM
325	I haven't been to the dog park since I was confronted by a police woman demanding I show a permit. It made me feel like a criminal when my taxes paid for the dog park. It's unforgiveable to waste police resources to collect fees especially when they should be required.	Jul 29, 2013 10:03 PM
326	Please enforce leash laws at Bird Hills, it is a free for all on the weekends.	Jul 29, 2013 10:02 PM
327	Question 14 is poorly worded. Dog parks are useless if dogs are not allowed off leash or for only part of the time.	Jul 29, 2013 10:00 PM
328	Allowing off-leash in un-fenced areas is asking for trouble. And the city getting sued at the first dog-person or dog-dog bite.	Jul 29, 2013 10:00 PM
329	An unfenced area doesn't take the place of a real dog park. We need neighborhood dog parks. I have no kids, socializing/exercising my dog is my preferred recreational activity. I support some screening and extra fees for use of a dog park. I don't use swift run much because it's silly to drive for 20 minutes, and it is a very physically uncomfortable place to be.	Jul 29, 2013 9:51 PM
330	As hopefully my answers indicate, it is important to have dog parks within walking distance of residents. I do not currently use the existing dog parks because I would have to get into my car.	Jul 29, 2013 9:42 PM

335	Vets Park would be a great space for a dog park. Converting a diamond into a dog run would require very little new fencing, it has ample parking, and is far away from residences. The diamond near the shelter would be my first choice.	Jul 29, 2013 9:31 PM
336	Additional dog parks would be beneficial to the city in many ways: socialization for dogs, community strengthening and interactions (for humans), and cutting down on complaints about dogs playing where they shouldn't.	Jul 29, 2013 9:24 PM

338	The dog parks have been a wonderful addition to our community. I have only seen one altercation in the dozens of visits that I have paid over the last several years. It wasn't due to an aggressive dog, rather it was related to a stupid pet owner. I am so appreciate to have the opportunity to visit these parks with my dogs, who the second they see the entrance to the park, are out of their minds with excitement and anticipation of playing with their friends. 342	I would love more dog parks, but I have definitely seen the maintenance of Swift Run go downhill and I would hate to see even more dog parks that are also not properly maintained (for example, the park is mowed less, it's extremely muddy, the trash is not removed in a timely fashion and overflows with dog poop). I would rather have higher quality parks than quantity.	Jul 29, 2013 8:43 PM

347	The most amazing dog park I ever went to was in Sanford, Florida. Here is a link: <a href="http://www.pawparksanford.org/pictures.html">http://www.pawparksanford.org/pictures.html</a> The fencing was great a protective, there was an area that you could put your dog on the leash, a check point between inside with the dogs, and outside with the cars. There were trees and blocks for the dogs to play on. Benches for people. It was open duck til dawn. It felt incredibly secure. There were also bulletin boards in the park, for people to share information: lost & found, dog sitting, neighborhood announcements. I dog sit frequently and always think of that park. It was the best. I never understood why Ann Arbor doesn't have something like it.	Jul 29, 2013 8:36 PM

350	I would love to see off leash hours at some of our natural wooded areas.	Jul 29, 2013 8:31 PM
351	The city may have a bit more \$ to work with if they used an electronic gate/key system. There are quite a few individuals who attend Olson regularly but have not purchased tags. I suspect if enforced, these individuals would choose to pay the fee. Could even sell day passes. Obviously, it would be ideal if the park were to be staffed at certain times in order to keep an eye on possible aggressive dogs/situations. Permanent agility/exploratory obstacles would be nice too. We like Olson Park. We, along with several other Olson Park regulars, think Swift Run is too big. Too hard to keep an eye on my dog, along with the other dogs. I understand that there have been several dogs that have been killed there. With such a large, rolling space we wouldn't be able to intervene soon enough. Maybe consider changing the layout of the Swift Run Park?	Jul 29, 2013 8:27 PM
352	Dog park users should pay for any maintenance costs that exceed the normal costs of that park, or similar park.	Jul 29, 2013 8:22 PM
353	Perhaps a few fenced areas within a park to assist dogs working on socialization and graduated exposure	Jul 29, 2013 8:19 PM
354	My son is allergic to dogs and my daughter is afraid of dogs. There is no reason for dogs to be unleashed in public parks. Contrary to what dog owners think, not everyone is ok with unleashed dogs coming up to them, no matter how friendly they believe their dog to be.	Jul 29, 2013 8:15 PM
355	If dog parks are created a fee structure, like an annual permit should be charged for any who use it. \$50 per year.	Jul 29, 2013 8:09 PM
356	It is too bad this is such a polarizing issue in A2. In Dexter the dog run is private and run like a country club (annual fees, certain dog races are barred, etc). It doesn't have to be so complicated.	Jul 29, 2013 8:07 PM
357	Dogs in unfenced areas should be on a leash at all times. Even friendly dogs frighten people when they're off leash. I would be more likely to use a dog park if there were some sort of evaluation of the personality of the dog, and if high-conflict dogs were not allowed, or were allowed only at certain times. Also, more education is needed for dog owners regarding proper dog park etiquette and dog management.	Jul 29, 2013 8:07 PM
358	pit bulls/mixes scared me away from using dog parks & any dog can go in parks	Jul 29, 2013 8:05 PM
359	Let's focus on other park issues before we spend, time, money and energy on dog parks. Things like dead and dying trees, planting more trees, crime and drug use need immediate attention. Thanks.	Jul 29, 2013 8:01 PM

362	We LOVE the dog park at Olson.	Jul 29, 2013 7:36 PM
363	Would be glad to hear of more 'official' dog parks in the city (even in my neighborhood!) so that people parks have less chance of owners letting their dogs off leash to scare children, walkers and runners.	Jul 29, 2013 7:31 PM
364	I don't really like the energy of a dog park, and dog park people are weird.	Jul 29, 2013 7:26 PM
365	Dogs need to run and they need social opportunities for their well-being and to promote good behavior. Ann Arbor is a city with many dogs and many dog lovers. We should have many more dog parks than we presently do.	Jul 29, 2013 7:16 PM
366	Why look only at current parks or school land? Take a black top area and make it sand/grass with bioswales and plants for water drainage and for dogs.	Jul 29, 2013 7:07 PM
367	We have benefitted a lot from having an informal dog park in our neighborhood. This is the main way we have got to know our neighbors since moving in. We can set ground rules for cleanliness and keeping dogs under control so that we will always be considerate of all of the neighbors. It will be worth it for everyone even if they do not like dogs. 370	I support additional dog parks, particularly those within walking distance for people living in our denser areas. I believe that people who are willing to drive their dog to an off-leash facility are less bound by the need for an official site. Dog parks were an outgrowth of a need to exercise and socialize dogs who live in densely populated neighborhoods where exercise opportunities are more limited. There is a greater need for a service to be provided to this population than for people with less limited transportation and time options.	Jul 29, 2013 6:48 PM

374	With this Sunday's Ann Arbor.com article about the inability of the City to keep pace with tree maintenance here in Tree City, I more than ever feel that the budget simply does not stretch to an additional dog park. The dead and dying trees still on the streets pose such a hazard to residents that a dog park seems a complete frivolity.	Jul 29, 2013 6:23 PM

377	A large park that is interesting to people as well where dogs can be off leash would be great. I hate the dog parks that are fenced-in areas in the middle of a field. I will never take my dog to a park like that. Its boring for both of us.	Jul 29, 2013 6:06 PM
378	Dogs do not need a park. The arguments in favor are too anthropomorphic. Owners should just walk their dogs and be sure to pick up after them. Even that does not remove all the fecal contamination.	Jul 29, 2013 5:31 PM
379	dogs are man's best friend. we love our dogs, and dog parks are awesome!	Jul 29, 2013 5:30 PM

381	Please add a dog park somewhere on the Westside. There are two on the East side and they take 20 minutes to get to (I live on the South West side)	Jul 29, 2013 5:26 PM
382	I suggest you survey the dog-park users to see how far they travel from their homes to the parks. I think you'll find it's not far - maybe walking distance. This does not mean to build dog parks all over the city because dog owners will only visit them if they're a quick walk away from home.	Jul 29, 2013 5:20 PM
383	More dog parks would mean fewer groups of off-leash dogs playing in school playgrounds, which are currently used as defacto dog parks on weekend mornings all over the city.	Jul 29, 2013 5:10 PM
384	Thanks for taking the time to ask opinions. I (kind of) understand the desire to want a place for your dog to "run free" but my experience leads me to have no faith whatsoever that people will follow the rules of a dog park, because they don't follow the rules now! I live on the OWS, and people walk down the middle of street with their dogs off leash, and let them run around Wurster park and Bach park already. I have been chased up onto the play structure with my toddler by dogs, and have been "charged" by dogs when on walking paths. I have seen people let their dogs off leash at the bottom of the hill at Madison, and then let them run ahead until they catch up with them at the top of the hill. On any given day, there are two or three dogs roaming around. Often peacefully and playfully... until some poor law abiding dog walker comes through with their dog on a leash, and the off leash dogs freak out. I have been in the middle of that too many times. Many stories, and I will spare you of most, but the funniest was probably the time when I saw a woman's off leash dog take a dump in the park while she was away. When I told her what had happened, and asked her if she was going to pick it up, she asked me if I would help her find it! The scariest was when my husband and I had to hold our child between us, stuck in the middle of bird hills until the owner of three off leash pit bull type dogs came and took them away. I honestly don't think dog parks will work as mixed use. Dogs might get out of the fenced area and most assuredly will be "let out" of the car or off the leash before they are in the contained area, because, you know, "he is really a friendly dog!" 	<p>If this is going to work at all, it has to be away from joggers, hikers, kids, sports. Don't know if you have considered this aspect, but I think it's a big negative for residential property value and it's going to meet vocal resistance from just about any neighborhood. Would imagine that homeowners insurance in the area of dog park could be higher too. So, sure, that is "NIMBY", quite literally and understandably.</p>

388	<p>Unleashed dogs in fenced-in areas (like baseball fields) could work, but not otherwise running free. So many people think "my dog isn't a problem" until something happens. And I've seen what happens at Slauson - not pretty or safe. Why aren't the 3rd dog park people expected to raise money like the skate park people were? They've already got 2 dog parks, plus it's perfectly legal to have your dog on leash anywhere in town. 398	I am opposed to taking away the green space/sledding hill in Wurster Park. As it is the trash cans have been relocated to park entrances and are only emptied once per week. They STINK to high heaven. Will dog owners pack out their poop each day? In addition, we will lose the one decent public sledding hill suitable for the smallest kids over here. I also don't quite know where the dog walkers are going to park. And not thrilled with kids walking to and from school and playing in the park with strange dogs around. And the dog waste. Please don't take away this gem of a park. It's used daily by our kids...especially small kids.	Jul 29, 2013 4:36 PM

402	I believe that current parks and schoolyards ARE currently being used as dogparks. For example Wines and Slauson... I love dogs but don't always love them being off leash.	Jul 29, 2013 4:32 PM
403	I don't object to parts of parks set aside for dogs, but really believe there should be draconian penalties for folks who let their dogs run loose in other public areas. There are a thousand reasons to restrict dogs in public (especially environmental) but by far the most important is their threat to pedestrians, especially the elderly. When any fall could turn fatal for oldsters, many have stopped using public parks where dog owners don't comply with leash laws, e.g. Bird Hills and Eberwhite Woods. If providing a dog park would stop irresponsible owners from letting their dogs run free, then I wouldn't oppose it, even if it's a form of blackmail ("set aside a portion of public land for me and my pet or I won't be responsible for the consequences"). 409	The good thing about doggy day care is the dogs are screened for temperament, shots, wellness before they can go. Dog parks in Ann Arbor are too small, love to see one that is large enough for the owners and dogs to be able to roam, and possibly a way to screen for temperament and then get a pass to use it. I run across dogs all the time who are not suited to free roam and usually the owners know it, but they let them go among the others anyway until they act aggressive enough to call them off, or not. Once an owner came with a muzzle in hand but waited until her dog nipped mine on the back, then put the muzzle on. Possible volunteer dog patrol at each park?	Jul 29, 2013 4:21 PM
410	Thank you for taking this need seriously.	Jul 29, 2013 4:20 PM
411	Perhaps offseason use of a park like the existing, mostly fenced baseball diamond like westpark, could conserve resources with little investment. I would be willing to pay an additional fee to use such a park, beyond what i have already paid. Honestly, many people already use this baseball diamond in this way during the off season. Bird hill off leash hours.	Jul 29, 2013 4:18 PM
412	Smaller and greater numbers of dog parks within the city would be good. The design of the park is important in maximizes the space. For instance a path that winds through an area of trees...where dogs can run does not have to take up as much space as a large open field. Our neighborhood uses the woods at Haisley School -fenced with a path and dogs can run around that path easily and its has a very small footprint but provides enough room to fully exercise a large breed dog.	Jul 29, 2013 4:16 PM
413	The biggest problem I see with the current parks are owners NOT managing their own dogs. The best park is worthless if people do not stay close and watch over the play. There also need to be STRICT rules about not bringing sick dogs, as contagious diseases (ie kennel cough) are easily spread at parks.	Jul 29, 2013 4:14 PM
414	Off-leash hours in parks, especially wooded ones that don't lend themselves to fencing off would be fantastic! It's also a way to blunt criticism of re-purposing parkland. I don't think it's unreasonable to provide a dedicated time for people who own dogs to be able to use the parks to exercise their dogs any more than it's unreasonable to be upset that I can't use the softball diamonds to play frisbee with my kid when there's a game going on. Dog owners pay taxes AND licensing fees and we're not getting much in the way of City support for our needs.	Jul 29, 2013 4:14 PM
415	I don't think we need another dog park ion the city. They are unsanitary and I would never take my dog there. A dog could pick up innumerable diseases in a park.	Jul 29, 2013 4:13 PM
416	Most people in my neighborhood already have designated Haisley school as a dog park on the weekends. They are free to let their dogs run wild and no one ever does anything about it.	Jul 29, 2013 4:12 PM
417	Off leash in a public park without fences? This is a liability. It already happens and some of my elderly neighbors will not walk in the park for fear of a dog jumping up on them. I love dogs - but most owners do not take the time to train or	Jul 29, 2013 4:11 PM

	control their dogs. They let them swim in the swampy pond in our neighborhood natural area. They chase, and KILL, rabbits, squirrels, woodchucks, ducks and their owners don't care. Natural areas serve as a refuge for urban wildlife and as a place for residents to go and enjoy same. Off leash dogs ruin this for everyone. Thank you for asking for input.	
418	It's high time there were more dog parks!	Jul 29, 2013 4:10 PM
419	I think a good way to get more volunteers could be to waive/discount the dog park fees.	Jul 29, 2013 4:08 PM
420	I like the idea of dog parks, but there are always those individuals who feel they cannot be bothered with the rules nor do what is appropriate for the safety of their dog and others.	Jul 29, 2013 4:06 PM
421	tax monies spent on dog parks, when there are dead trees dropping limbs on my car and home, potholes in my street and ill kept parks for people is a very, very bad idea.	Jul 29, 2013 4:04 PM

423	Ann Arbor has established some ambitious goals to become a more sustainable community. Unfortunately, our inability to accommodate dog users successful into the core of the city is currently reducing the overall livability and encouraging greater greenhouse gas emissions from longer commutes. Moreover, dog owners are currently excluded from using many city facilities, including parks, with their pets. While I support all residents of Ann Arbor utilizing our beautiful parks system, I ask that the city seriously consider how dog users can also take advantage of our parks spaces. I know there is aversion to off leash hours but this strategy has and continues to work in countless cities around the nation and the globe. It's time for Ann Arbor to stop pretending it's a dog friendly city and take action that validates this claim.	Jul 29, 2013 3:59 PM
424	I'd really like to understand the demand for urban dog parks and funding sources for this initiative.	Jul 29, 2013 3:53 PM
425	The plan for the West Park dog park was perfect. It should not have been shot down by the objections of one church. The residents support it.	Jul 29, 2013 3:52 PM
426	I would be happy to go to the current dog park (without taking my own dogs) and go through some of the places where safety could be improved. Melissa Theyyunni, DVM/MPH melissa.theyyunni@gmail.com	Jul 29, 2013 3:52 PM
427	I live on the West Side, and have heard (via the Chronicle and neighbors) that Wurster Park is being proposed as a location for a dog park. I feel this park is too small to have a section of it repurposed. Any location would either take the large flat area (used for sports in the summer) or the hillside (used for sledding in the winter). It is also an area with many children and a pass-through route for many on their way to Bach and Slauson. More traffic in the area in the mornings & evenings -- for those who drive to the park -- would decrease childrens' safety on their way to and from school.	Jul 29, 2013 3:50 PM

428	721 N main seems like an excellent location, close to density but not adjacent to housing. West Park would be great too but neighbors would never allow it. Thanks for asking!	Jul 29, 2013 3:49 PM
429	I don't support dog parks. Please list me as opposed.	Jul 29, 2013 3:47 PM
430	A dog park closer to the center of town would be amazing. We are at Swift Run often, and do not notice much of any noise related to the dogs. I hope we can make another park happen - thanks for this!	Jul 29, 2013 3:47 PM
431	Time for A2 to get ahead of the times. Phoenix has dozens of these, even obstacle courses. We could all learn by watching the dogs behavior over humans ! Separating the large from small is a plus, for the owners.	Jul 29, 2013 3:46 PM
432	No way should there ever be time at a public space for off leash. Bird hills, the arb and Slauson already have this experience and it doesn't work. The first time my child is threatened or hurt, there will be litigation.	Jul 29, 2013 3:45 PM
433	I think it is important to provide space for dogs in the community, particularly for older people who have the pets as companions and cannot always travel a distanced to exercise them.	Jul 29, 2013 3:44 PM
434	have always had and loved dogs. don't currently have one. The problem with dog parks is the owners; not the dogs.	Jul 29, 2013 3:44 PM
435	The dog parks are a great idea. I really support them, and I think as long as they don't directly abut houses, they should not disrupt anyone with noise or smell. It's great for dogs and dog owners. Also please start ticketing people, if staff are available, for having off leash dogs in the other parks. It endangers wildlife, nature areas, other dogs, and people at risk of being knocked over (children and the elderly).	Jul 29, 2013 3:43 PM
436	Dogs aren't an issue - but inconsiderate owners who don't have a realistic understanding of their dogs will be.	Jul 29, 2013 3:42 PM

441	I appreciate the effort to reach out to the community through this survey mechanism. Regarding Question 11, if a dog park is being considered in a specific neighborhood then every effort should be made to get a consensus from those residents.	Jul 29, 2013 3:28 PM
