This page is just for fun, not eligible as a contest entry.

## A Greener Pittsfield

Help us decide what our logo should be!

# Prizes

## 1<sup>st</sup> Prize

Your choice of Prizes up to \$500

## 2<sup>nd</sup> Prize

Your choice of Prizes up to \$150

### Participation Prize

All entrants will receive a certificate of participation and will have a chance of winning an energy efficient prize.

[www.pittsfield-mi.gov](http://www.pittsfield-mi.gov)

### Home Energy Audit

\$500 Value

Where is that draft coming from anyway? Evaluate the efficiency of your heating system, lighting, appliances, windows, building air-tightness and insulation effectiveness. This Home Energy Audit consists of a "blower door" test to check for air infiltration of the building shell and thermal imaging to detect areas for improvement. Conditions apply.

### Home Insulation

\$500 Value

Stay warm and cozy this winter. Optimize your home's energy efficiency by adding insulation to the attic that seals air leaks and fills in gaps to reduce heat loss. You choose the type of insulation and Pittsfield Township will prepay \$500 to the store where it is purchased. Conditions apply.

\$200 Value

### Can-O-Worms

Worms working for you. Complete with composter, worms and bedding plus the book "Worms Eat My Garbage", this odorless, user-friendly worm composting system allows anyone to recycle kitchen scraps indoors or out and create nutrient rich compost for the garden.

\$200 Value

### Renewable Solar Energy Set

Creates hydrogen fuel from water. Examine and study each module separately and then combine them in different ways to learn the workings of a renewable energy system from start to finish. Great for the classroom.

\$300 Value

### Sun Oven

Make a pot of chili and bake cookies with Solar Power! Has a built in thermometer, attached one-piece collapsible reflectors and is spill proof. Reaches temps of 360° to 400°F. Weighs just 21 pounds, opens and folds up in seconds and comes with a convenient carrying handle. Includes a 3 qt. black pot plus a cookbook.

\$460 Value

### Solar Powered Attic Fan

Sleek design, solid components. This fan removes moisture and helps maintain an even temperature in the attic space. Helps reduce hot and cold pockets that may lead to ice damming in winter. No electrical hook-up, operates only when the sun is out. One fan can move the air in 1200 sq. ft. of attic space.

# Prizes

## 6 in 1 Educational Solar Kit

\$20 Value

Learn the benefits of solar energy by creating toys that use a motor and are fun to play with. Toys snap together. No batteries or tools needed. Kit includes six different working models including an airboat, windmill, puppy and two different planes.

## Solar Phone Charger

\$100 Value

Charge your phone with the sun! Works with over 3200 devices and holds a charge up to a full year. Charge it with the sun via USB port or using an optional wall charger. Intelligent Charging. No overcharging, just right. Perfect for those emergency power outages!

## Solar Robot

\$30 Value

NEW 3-in-1 solar toy set by Powerplus makes it fun and educational to be in the sun! This transforming robot will provide hours of entertainment. Easy to build. Movement powered by the sun. Tank, robot or scorpion. You get to decide!

## Programmable Thermostat

\$15 Value

Don't touch that thermostat! Designed specifically for property managers and landlords, the ControlTemp CT100 "locks down" any thermostat and prevents tenant, employees, vacation home renters and family members from cranking up the heat or plunging the AC to unreasonable and expensive levels. Hard coded limits cannot be changed. 7-day programming to meet your busy schedule!

## Physics Solar Kit

\$60 Value

Physics and fun all in one box. This is a physics workshop and Erector style set in a box to build a solar powered motor that makes the model go! Comes with an easy to read booklet about solar power and user-friendly instructions.

[www.pittsfield-mi.gov](http://www.pittsfield-mi.gov)

[michigan.gov/recovery](http://michigan.gov/recovery)

## Smart Strip Power Strip

\$30 Value

It's a snap to save time, money and energy while giving your computer superior surge protection. Turns off your computer, printer and fax machine by pushing just one button, pays for itself quickly.

## Smart Strip Charging Station

\$40 Value

Extend battery life and protect your valuable electronic devices. Turns off all auto-switching outlets when all batteries and battery charges are fully charged, extending battery life. Use with AA, AAA, D, C and 9-Volt batteries, cell phones, smart phones iPods, MP3 players and more.

## Reusable Tote Bag

\$15 Value

Packed with savings, this sturdy re-usable tote bag gets you off to a great start towards a more energy efficient home. Comes loaded with a 14W (60W equivalent) compact fluorescent light bulb, hot water temperature indicator card, low-flow showerhead, refrigerator/freezer thermometer and informative Energy Savers Tips booklet.

## Fuel Cell Kit

\$150 Value

Split molecules and watch what happens. Enjoy this playful introduction to one of the most significant technologies of the 21st Century. Build a model car that runs on water! Pour in the water and see it separate into hydrogen and oxygen. Your car will zoom across the floor using the released oxygen gas!

## Power House Green Essentials

\$150 Value

Boredom be Gone! It will be months before you hear "I don't have anything to do." Building projects include a power house, a greenhouse, a solar cell hydrometer, a lemon battery and a wind powered generator. Learn about alternative energy and sustainable living with 10 projects and 30 hands-on experiments. Comes with a 64-page color manual.

### Our Logo Contest Policy:

By entering the Contest, participant grants to Pittsfield Charter Township, its departments, employees, and its licensees a non-exclusive, perpetual, irrevocable license to use, copy, distribute, perform, and display the image and also to prepare derivative works based upon the image without payment, royalties, or any other compensation for the following purposes:

1. To publish the image in brochures, flyers, displays, and other Township publications and media forms, now known or later developed;
2. To publish and license the image on and through the Township's website and other social networking websites.

In consideration of the eligibility to receive recognition and a prize, entrants in the contest hereby transfer and assign to Pittsfield Charter Township all ownership and copyright in any work submitted to the Township in connection with this contest and waive all moral rights therein.

To the extent that any work submitted to the Township that falls within subsection (2) of the definition of a "work made for hire" as set forth in Section 101 of the United States Copyright Act, participants agree that the submitted work is a work made for hire.

Participants agree to sign or have signed any documents provided by Township for registering or protecting works of authorship, including registration of the work as a protectable trademark or copyright. Pittsfield Charter Township shall be responsible for any fees associated with such registration or protection.

The laws of the State of Michigan will govern this Agreement, which is binding on the heirs, assigns, and legal representatives of the entrants. Employees and family of employees of Pittsfield Charter Township are not eligible to enter. All federal state and local laws and regulations apply.

Participants under the age of 18 must provide the signed permission of parents or legal guardian on the application form. Unsigned applications will not be considered eligible entries.

### Selection of Winners

- Logo winners will be determined by the Board of Trustees of Pittsfield Charter Township on December 08, 2010
- The identity of the artists will not be revealed until after winners are announced on December 08, 2010
- Eligible entries shall be posted online and displayed in Morris Hall at the Pittsfield Charter Township Administration Building until January 31, 2011

### Prizes - Terms and Conditions

- Winners and second place contestants will be eligible to choose from a selection of pre-determined energy saving products and services based on the dollar value of their award and product availability
- No cash equivalent of prizes will be awarded

If the winner chooses the Home Audit or insulation prizes conditions listed below apply in order to provide transparency as required by the EECBG grant:

#### Home Energy Audit Prize (\$500 Value)

1. Audit must be performed before January 15, 2010 by an auditor certified by or registered with the Building Performance Institute (BPI) or Residential Energy Services Network (RESNET) or Energy Star certified Energy Auditor. Proof of certification or registration must be supplied.
2. A copy of the signed original completed audit will be provided by the auditor to Pittsfield Township.
3. A written follow-up report by the winner describing the insights gained is required within 2 weeks of audit.
4. The report must identify improvements the winner is planning to implement as a result of the audit, along with an estimated time line for completion.
5. All identifying information will be kept private and confidential.
6. The auditor chosen must comply with Pittsfield Charter Township contractor requirements.

#### Home Insulation prize (\$500)

1. Determine the type of insulation you need for your home and we will prepay the Pittsfield Township store you purchase it from.
2. Photo documentation of area (i.e. attic) before and after the insulation improvement
3. All insulation must be installed before January 15, 2011.
4. Winner must provide utility bills from January, February and March of 2010 and the same months in 2011 to provide comparative documentation of reduced heating costs due to improved insulation.
